# UNION MOBS ROT IN THE STREETS OF SEATTLE.

Unreasonable.  
**BLIZZARD  
AND SNOW.**

West and South are  
Storm Swept.

March Winds up with Fierce  
Gales and Heavy Rain in  
Several States.

Turists on the Gulf Coast are  
Reported Headed for  
California.

Great Benefit to the Wheat  
Crop Expected to Offset  
Damage Done.

BY DIRECT WIRE—EXCLUSIVE DISPATCH.  
CHICAGO, Bureau of the  
TIMES, March 30.—Certain trust-  
ed persons who have not kept  
the fickle nature of March and  
who were lulled by a few bright days  
into the belief that winter had de-  
serted were sadly and rudely dis-  
illusioned today. Old Boreas took  
another whirl at the Middle West,  
north and southeast, going over hard-  
frozen that has been unusually har-  
sh by storms ever since early in  
November.

The storm appears to have been  
driven from Upper Iowa to Central  
Missouri, southeast, and to Central  
Texas on the southwest. There was  
very snow in this territory and be-  
lieved to be a record.

COLD CASH  
FOR BELGIUM.

Contributions to the Relief  
Fund Pass the Million  
Mark.

(BY A. P. NIGHT WIRE.)  
NEW YORK, March 30.—The  
cash contributions to the Bel-  
gian relief fund, according to  
an announcement here tonight,  
passed the \$1,000,000 mark  
today. The exact amount col-  
lected so far is \$1,004,905.44  
and is said to be the largest  
amount ever raised by a com-  
mittee on behalf of foreign  
charity. The fund also has col-  
lected \$700,000 in food and the  
actual amount of food supplies  
it has sent into Belgium to date  
are valued at more than \$1,550,-  
000.

SALVAGE TRIP  
IS QUESTIONED.

EXPEDITION TO SAVE WRECKED  
JAPANESE CRUISER MAY  
BE UNNEUTRAL.

(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, March 30.—The  
State Department at Washington has  
been asked to rule whether or not the  
fitting out of an expedition at this  
port to save the wrecked Japanese  
cruiser Amats, on the rocks off Turis-  
lay, Mex., is an unneutral act. Mean-  
time, while awaiting the ruling of the  
State Department, J. O. Davis, Collec-  
tor of the Port, is holding at Monte-  
rey Bay a tug boat and two barges  
bound for the wrecked cruiser. The  
barges are equipped with machinery  
for salvaging the heavy guns of the  
wrecked warship.

The tug Sea Rover cleared last Sat-  
urday morning from here with the  
two barges in tow. They were over-  
hauled at Monterey Bay by the revenue  
cutter McCulloch and ordered to  
drop their anchors.

Encouraged by Troops  
TO SACK AND PILLAGE.

Having Wreaked Vengeance on Churches,  
Mobs Turned on Foreigners.

Americans the Special Object of Hate in the Capital  
While Controlled by Gen. Obregon, as Commander of  
the Forces of Carranza—A Carnival of Lust and Crime  
Ended Only by its Own Fatigue.

BY GEORGE ADDISON HUGHES.  
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

EL PASO (Tex.) March 30.—  
Sacking hordes of murderous  
Zapatista and Carranzista bar-  
barians, having ravaged foreign men-  
and assassinated foreign men,  
having imprisoned and threatened,  
robbed and tortured the owners, ap-  
plied the torch of wanton destruc-  
tion to everything that came within  
their reach.

Mexico City's beautiful Country  
Club, the fashionable rendezvous of  
foreigners of all nationalities, erected  
and furnished at a cost of hundreds  
of thousands of dollars, is now noth-  
ing but a stone skeleton. It was  
ruined in the reign of terror between  
March 4 and March 10. Beautiful  
mansions, over whose ruins still float  
the foreign flags that were the pride  
to protect them, are reduced to ghastly  
architectural ghosts, their insides  
torn out. Cathedrals and schools that  
glittered with imported appoint-  
ments of gold and silver and the finest  
brocades, with art dedicated to the  
glories of the past, were the life  
work of masters have been torn  
asunder and reduced to tottering de-  
bris. Statuary, towering altars, sacred  
vessels and blessed symbols, confes-  
sionals, wonderful windows and pre-  
cious antiquities, holy books and  
archives—everything is demolished.

Doors a foot thick were torn from  
their hinges, pews and flooring ripped  
from the foundations, walls smashed  
down, pillars failed, sanctuaries  
gutted, organs of monumental height  
and rare tone burned. The barbaric  
human hurricanes that swept through  
the edifices left nothing but destruc-  
tive undone. Sacrilege never before  
had so complete an exposition. Savagery  
never before reached such madness.  
Mexico City has given the world many  
precedents in history, but nothing  
compares with the chronicle of the  
wanton destruction she suffered in  
recent days at the hands of her bandit  
soldiers.

Licensed loot led to officially in-  
cited destruction to fulfill the  
mandates of the barbaric Zapatista in-  
distinct and the letter of Carranza's  
mandate that the city be destroyed.  
BEGAN WITH THE CHURCHES.  
The Carranzistas began on March  
10 the looting and sacking of  
churches. Santa Brigida, No. 1-a  
Calle San Juan de Letran, the house  
of worship of the blue-line aristoc-  
racy, was first turned into a stable.  
Horses slept in chapels, where priests  
had knelt in prayer. Then, when the  
hunger of the masses demanded  
meeting places, the Carranzistas  
troops and mounts were ordered into  
the churches that the mobs might  
have a hall. The mobs grew. Then  
the twenty odd brave nuns who had  
remained in the city through threat  
and persecution were thrown into  
the streets with their juvenile  
charges and the Josephine College  
was turned over to the rioting masses.  
But superstition yet held in check  
their savage impulses. Not a pew  
was scratched until the soldiers were  
among the pews of the streets. First  
told them that they might have all  
they could lift or tear away in the  
church or school. Fear of trickery on  
the part of the soldiery and the in-  
dignation of the class held them  
in check until soldiers led them into  
the very churches of the city. Then  
they prodded them with bayonets that  
the work might be begun. Then began  
a day of looting and demolition, of  
clashes and battles through the  
streets of San Juan de Letran, of  
broken skulls and crushed limbs, of  
shooting into the classes by soldiers  
supporting the mob. The first  
100, then 1000 and then 5000, gutted  
the church as a cyclone destroys a  
straw village.

The great portals of the church  
they tore down and fought over in  
the street until the massive oak  
doors were reduced to kindling. Tap-  
estries were torn from the walls and  
shredded in the hands of the fighting  
claimants. Pews were carried into the  
streets and knocked to pieces and  
carried away to bonfires.

ALTAR DEMOLISHED.  
The altar was knocked to pieces and  
carted into the street. Two pews were  
killed, one stabbed to death and the  
other shot, and uncounted numbers  
were wounded in battles for sacred  
vessels of gold and silver. The life-  
size figure of the Crucified Christ was  
beheaded and torn from the cross and  
the limbs chopped from the torso.  
Figures in life size of the Virgin and  
donors of the church were hurled  
to powder before the axes and clubs  
of the mob. Great masterpieces of  
the painter's art, some of them 25  
feet square, pictures of the Virgin  
and developed by the work of  
more than one lifetime, were cut to  
pieces.

Of all the interior of the beautiful  
Santa Brigida church, the only thing  
untouched was a full figure of the  
Crucified Christ. Thrown upon the  
anarchal fury that reigned within  
the walls of the edifice, it stood un-  
molested by the altar, defying with  
its mild eyes the superstition of the  
savages. The crucified Christ was  
dead, they believed, but they feared  
the wrath of the future. They re-  
spected life and stood invoking in their  
fear of God.

The Josephine College, three stories  
high, has not a floor left in it. One

C.A. English.

The Country Club.

In the thick of the fray in Mexico City.

C. A. English, whose portrait appears above, is the American who was shot by Zapatista marauders while defend-  
ing his wife from attack and his home from pillage. He saved his wife, but his home was destroyed by the  
bandits. The middle panel, the Country Club in Mexico City, sacked and pillaged by the Zapata hordes and  
peons spurred on by the soldiery. The bottom panel, the home of E. Serres, a Frenchman, whose wife was  
attacked and maltreated by the marauders. He had the French flag flying to protect his place, but the rascals  
paid no attention to it.

The Great War.

ALLIED ARMIES ON THE QUI VIVE  
FOR NEXT MOVE BY GERMANY.

(BY ATLANTIC CABLE AND A. P.)

Carpathian passes in the face of stern  
opposition by the Austrians and Ger-  
mans. The presence of a division  
from Przemysl on the Carpathian  
front is noted in the Austrian official  
communication.

That this is a struggle of the great-  
est importance, the result of which  
will exercise a strong effect on the  
entire situation, is pointed out by  
Maj. Morait, the military critic of  
the Berlin Tageblatt, who adds:  
"The supreme army command has  
grounded enough for employing all  
disposable forces to avert a Russian  
invasion into the Hungarian plains."

In this region, particularly along  
the Barfild-Ussok front, the Russian  
actions, according to the official  
statement from Petrograd, "are de-  
veloping with perfect success, not-  
withstanding the enemy's stubborn  
resistance."

The nature of the fighting is indi-  
cated by the same official communica-

tion which tells of the desperate  
counter-attacks, says the Russians  
captured on Sunday and Monday, last,  
seventy-six officers, 5344 men, and a  
great number of guns.

The Austrians have improved their  
advantage of having forced the Rus-  
sians to withdraw from Bukovina,  
for in an advance from Chernowitz  
the Russians admit the Austrians  
crossed the Russian frontier and ad-  
vanced half way to Chotin. Already  
great numbers of Russian troops are  
being sent to repel the invaders.

LAND OPERATIONS.  
There has been nothing of an out-  
standing nature in either theater of  
the land operations since the sur-  
render of the Austrian fortress.  
Sniping, mining and bomb throwing  
predominate along the western front.

(Continued on Second Page.)

Desperate Situation.  
**WILD NIGHT OF DISORDER;  
POLICE USE CLUBS FREELY**

Hoodlums Smash Windows at the Behest  
of Paid Agitators.

Outrages Carefully Planned at Mass Meeting—Every  
Available Officer Hurried to the Scene in an Effort to  
Protect Employees of the Traction Company and Pre-  
vent Injury to Partons of the Road.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

SEATTLE, March 30.—With the  
shriek of the police patrol sirens  
rising above the howls of strike  
sympathizers gathered in mobs about  
stalled cars; with shattering glass and  
detonations of caps on the tracks;  
with yells of bloody-faced hoodlums  
repulsed by loyal carmen making a  
brave medley of disorder, Seattle to-  
night spent its wildest night since the  
Potlatch riots of the summer of 1913.  
It was the first effort of the Amalgam-  
ated Association of Street and Elec-  
tric Employees of America.

The proclamation of the strike  
caught the police off their guard and  
for a time the mobs seemed to have

their own way, halting cars, cutting  
trolley ropes and smashing windows,  
but with the recall of the reserves  
and the withdrawal from duty of hun-  
dreds of cars, the situation was  
brought into hand.

Apparently contrary to expectations  
of the men who called the strike,  
many of the carmen remained loyal  
to the company, and, while they did  
not fight back when attacked, they  
stuck to their motors and to their  
cash boxes until policemen enabled  
them to get beyond the riot zone  
down town.

The strike affects only the Puget  
Sound Traction Light and Power  
Company, operating over 120 miles  
of lines in the city. The Seattle, Ren-  
ton and Southern Railroad and the  
two short sections of the municipal  
railways recognize the right of the  
carmen to organize.

MOBS FROM TEMPLE.  
The howling mobs of union sym-  
pathizers swept down from the Labor  
Temple upon the busy downtown  
streets, and heralded the proclamation  
of a strike of the employees of the  
Puget Sound Traction, Light and  
Power Company, who are members or  
sympathizers of the union. The strike  
was declared by the union men at a  
meeting of nearly 1500 persons at the  
Labor Temple. A temporary tie-up  
of the cars on Pike and Pike  
streets and Third avenue was effected  
tonight, and it was only under the  
protection of the police that suburban  
cars were kept.

Violence was resorted to in many  
instances, and riot calls to the Cen-  
tral Police Station brought every gen-  
eral policeman within reach to the  
Pike and Pine-street corners, and  
several arrests were made.

There were only a few instances  
where motorists or conductors volun-  
tarily left their posts. When a street  
car whose crew refused to heed the  
requests of the union men to join  
their organization attempted to pro-  
ceed the hoodlums pulled the trol-  
leys from the wire. Windows in sev-  
eral cars were smashed by flying mis-  
siles. In many instances the carmen  
placidity stuck to their posts, some  
conducting the cars even in the face  
of cars to hold the trolley car on  
the wire.

WORK OF AN AGITATOR.  
The strike was brought about by  
Sam Atkinson, national organizer of  
the Amalgamated Association of  
Street and Electric Railway Em-  
ployees; William E. Fitzgerald, ex-  
ecutive officer of the Amalgamated  
association, and a committee appointed  
by the Central Labor Council.

The meeting tonight was called to  
"protest against the tactics of the  
Puget Sound Traction, Light and  
Power Company in refusing their em-  
ployees the right to organize."

The meeting was presided over by  
Ed T. Levi, vice-president of the Se-  
attle Central Labor Council.

Sam Atkinson outlined the cam-  
paign, which he has prosecuted since  
last November, and called upon his  
hearers to voice their protest against  
the denial of the electric com-  
pany of the "inalienable, American  
and human right to organize."

Atkinson told of a long list of car  
strikes that have occurred in the  
country.

The strike had been carefully  
planned. The committee in charge of  
the work of organization had widely  
advised the meeting, and had pre-  
pared the following resolution, which  
was unanimously passed:

"I move you, Mr. Chairman, that  
this meeting, in the name of labor,  
renews the strikers' protest and other  
employees of the Seattle Electric Com-  
pany to suspend work immediately un-  
til their right to organize is recog-  
nized, and that this meeting advise  
at once to inform the employees of  
the organization."

As soon as the resolution had been  
adopted Atkinson, Chairman Levi and  
Martin J. Fitzik, president of the  
United Mine Workers' Union, told the  
audience to "go out and bring the  
men in off the cars."

The crowd stormed out of the  
room and rushed down the street.  
The greater part of the crowd went  
down to Pike and Pine streets, and  
nearly a score of cars were stopped.

The company employs 1000 train-  
men out of 2300 employees of all  
kinds. General Manager A. L. Kemp-  
ler, in a statement tonight, declared  
the action of tonight was not a strike,  
that very few men left their posts  
and that those who did were intimid-  
ated. He informed Fitzgerald and  
Atkinson would be arrested tomorrow  
on charges of inciting to riot.

Atkinson and Fitzgerald announced  
tonight that this was only the begin-  
ning of their campaign and that by to-  
morrow the tie-up would be complete.  
They said that if only demand was the  
right to organize.

Mayor Gill at midnight said he did  
not think the union men were at the  
bottom of the riot troubles, but that  
they were caused by the I.W.W. ele-  
ment. He said if he had evidence  
that any men came here to orga-  
nize the strike, he would be respon-  
sible for the disorders he would have them  
prosecuted under the State law mak-  
ing it a crime to incite to riot.

The Mayor, after mingling with  
crowds, said:

"I saw a number of union men  
there, however, who were trying to  
do their best to break up the gangs  
that were cutting trolleys. There is  
no need that I can see for extra po-

(Continued on Fifth Page.)

## FIGHTING AT MATAMOROS: U. S. TROOPS ON GUARD.

Violation of the Naco Agreement by Villa and Carranza Factions, and Shooting Across the American Border, Lead to Prompt Action by War Department. Gen. Funston is in Command.

[BY A. P. NIGHT WIRE.]

BROWNSVILLE (Texas), March 31.—Firing between Villa and Carranza forces began shortly after midnight near the breastworks on the west side of Matamoros, close to the Rio Grande. The firing was under cover of a heavy fog.

A previous engagement lasting about an hour occurred between Villa and Carranza forces three miles north of Matamoros. It was reported Villa troops attacked the Constitutional reinforcements.

The firing continued intermittently for half an hour and then stopped. Several cannon shots were heard. None of the firing was in the direction of Brownsville.

### CAVALRY ON GUARD.

WASHINGTON, March 30.—Nine troops of United States cavalry, besides minor detachments, were snapped back into active service along the troubled Arizona border today. Despite recent agreements made by warring Mexican factions with Brig. Gen. Hugh L. Scott, fighting today between Villa troops and a Carranza detachment, trying to reach Agua Prieta, opposite Douglas, Ariz., from the interior, brought the troops out. At Naco, Sonora, where the Scott agreement was entered into, the Villa general, Jose Maytorena, has ordered the Americans out of town, and a squadron of American cavalry was placed in Naco, Ariz., directly across the border.

### THE OTHER CRISIS.

Twelve guns of the Third Field Artillery, on duty at Brownsville, Tex., watched over the only other immediate crisis—the effort of Villa troops to take Matamoros, Mex., which lies directly across the Rio Grande from Brownsville, Mex. Gen. Frederick Funston, who commanded at the recent occupation of Vera Cruz, is handling the situation there, with plenty of troops at Texas City if he wants them. Officials here said his instructions were "shoot to kill" and to issue to commanders at Naco last December regarding protection of Americans from shots fired across the line. The exact text of his instructions was not given out.

### VILLA BACKFIRES.

Some 250 miles up the river is Nuevo Laredo, Mex., defended by Carranza forces, and opposite the American town of Laredo, Tex. Villa troops on the way to attack it were reported as far as Lampasas, which is some seventy miles southwest of the National Railroad of Mexico, and a battle is expected there.

Finally troops of Gen. Gutierrez, who apparently is playing a free hand, but is opposing Villa while not attacking Carranza, were reported close to Fort Bliss, a point on the industrial center half way from El Paso to Mexico City, that Villa had returned there from Brownsville, 100 miles to the east, relinquishing for the moment his campaign against the East Coast in order to maintain his back fence.

### CARRANZA VICTORY.

The Carranza agency gave out tonight the following:

"Advice from Gen. Elias Calleja, Carranza commander at Agua Prieta, says Villa forces under Prujillo were defeated today by troops under command of Lieut.-Col. Jimenez, detached from Calleja's command with 100 cavalry. The battle took place between Caballona and Colonia Morelos. The Villa force lost heavily in dead and wounded, 140 saddle horses and some prisoners. The prisoners assert that their commander, Prujillo, is seriously wounded."

### COL. BLOCKSON REPORTS.

Nothing reached the State Department today to confirm yesterday's report that Zapata forces were about to evacuate Mexico City. It is said that Gen. Obregon, the Carranza chieftain, would recapture the capital. From Brownsville, Col. Blockson reported:

"There has been no firing of any account since my last report. I have been unable to get reliable information as to the whereabouts of the remainder of the Villa force and their

Revolution.

## CONDITIONS IN YUCATAN WORST IN ITS HISTORY.

MOBILE (Ala.), March 30.—Conditions are worse today in Yucatan than at any time during four years of revolution in Mexico, according to F. W. Blake of Merida, general manager of the United Railways of Yucatan, who with his family arrived in Mobile last night on the American schooner James W. Paul, Jr., from Progreso. The Carranza government has commandeered the United Railways, Mr. Blake said.

## OPPORTUNITY TO SEE "THE EXPOSITION BEAUTIFUL."

The next excursion under the auspices of The Times management to the Panama-California Exposition leaves Los Angeles at 8:00 o'clock Saturday morning, April 3, leaving San Diego on return trip at 8:00 o'clock Sunday night.

An enjoyable two days' outing, sightseeing at the Southland's Beautiful Fair. Boat-riding on San Diego waters. Admission to the Santa Fe's Painted Desert—a real Indian village. Admission to the Panama Canal exhibit; admission to the California State, Arts, County and States Buildings. Concerts by inspiring bands and the mammoth outdoor organ. Meals at Levy's Cristobal Cafe on the grounds. Accommodation at hotel, street car fares to and from fair grounds, transportation on train, in fact, every necessary expense for ten dollars.

Read what one lady said of the last Times excursion: "The excursion trip was 'the best ever' and we sure had our money's worth and then some."

Take a party of friends and have an enjoyable outing. Make your reservations at once! Take the ladies, they'll be delighted. We can only take a limited number and reserve the right to refund all money collected for the proposed excursion. First come, first served.

For further information write, telephone or call on the Manager of the Times Excursion Department, First and Broadway. Phone Main 8300; 10391. Might just as well "do it now!"

## Complete Wreck of the Country Club.

Notice the shattered telephone.

The Country Club in Mexico City fared worse than other buildings, it seems, in the loot and sack of the city by the Zapatistas and the pons urged on by the soldiers under Gen. Obregon. To prevent the signal of war being given to the outside, the Zapatistas destroyed the telephone as shown in the illustration.

Either Or.

## GEN. VILLA'S PLAIN TALK TO MEXICANS, FOREIGNERS.

[BY A. P. NIGHT WIRE.]

SAN ANTONIO (Tex.), March 30.—Gen. Villa, when he received the members of the Monterey Chamber of Commerce, in connection with the contributions, caused the foreigners to be separated from the Mexicans. To the twenty-five American, French, English and German members, he said:

"I have purposely separated you from the Mexicans to explain to you that you are here reaping the benefits of this country, and to tell you that you are at perfect liberty to stay here and every courtesy will be extended to you but you must understand that you must obey the laws of this country while you are here. If you don't care to do this I will put a special train at your disposal to take you safely out of the country and every accommodation will be accorded you. Furthermore, if any of you wish to protest, I will give you free use of the telephone to wire to your governments."

Addressing the Mexican members, Villa said:

"You are thieves; you are taking advantage of the poor people. They are starving on your account. There are no reasons for the prices you are demanding for food. I have investigated and I know you have stores of food in your cellars and that you are holding those stores only for those who can pay exorbitant prices. Don't think you will go home when you leave here. You will be escorted to the depot and I will send you to Chihuahua, where you will be shown what should be done to thieves who rob the poor."

As he spoke he pointed to the long, broad inner balcony of the patio, where a company of soldiers was lined up.

After Villa said he had changed his mind about sending them to Chihuahua and upon the Mexicans' pledging their lives as guarantee of payment of the million pesos, he let them go.

### ARCHBISHOP IRELAND WELLS.

ST. PAUL, March 30.—Archbishop Ireland, greatly annoyed by an unfounded report sent out by a news agency that he was seriously ill, today issued a statement to the Associated Press, in which he said:

"I never felt better in my life."

## How the Zapatas Desecrated the Flag.

The McManus home.

In the suburbs of Mexico City, where John B. McManus, an American citizen, was killed by Zapatista soldiers en route to the capital to loot and pillage. Observe the American flag over the portals, the starry emblem desecrated by the Zapatista hordes. Secretary of State Bryan has been trying to suppress information about this latest flag incident in Mexico, but it is vouchsafed by the dispatches that Mr. Bryan still has the McManus case "in mind."

## OPPOSE CHANGE IN MINING LAWS.

Fifteen Americans Interested in Mexico Protest.

Proposed Villa Amendment is Cause of Trouble.

Influential Committee will be Sent to Capital.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.), March 30.—Fifteen American mining men, representing as many foreign-owned corporations in Northern Mexico, at a meeting here today decided to oppose the enforcement of amendments to the old Mexican Federal mining law, recently adopted by the Villa government. A committee will probably be sent to protest to the State Department at Washington.

The part of the amendments to which chief objection is raised calls for the cession of properties for nonpayment of taxes and the "voluntary" suspension of working of mines, the abandonment of such work or of the mines, or the cession of the mines to the government, or the cession of the mines to the government, or the cession of the mines to the government.

It also is required that all present operators or those who begin operations must maintain activity in at least one working or exploitation on each ten acres of land.

Another provision allows any person to denounce for confiscation any property not fulfilling the letter of the law, and it is further stipulated that every mining company begin operations within 150 days from April 1 and continue to carry on the work without interruption to the extent that in the opinion of the Secretary of Industry may be desirable. The penalty fixed for noncompliance will be loss of the property at the discretion of the Secretary of Industry.

A committee of mining men which returned from Chihuahua today, after failing in conferences to secure from Villa officials a modification of the amendments, in a letter to Francisco Escudero, Villa Secretary of Industry and Finance, declared:

"We reiterate the publication of this decree by the world at large as an important step toward the ultimate confiscation of all property of the mining industry."

According to those who attended the meeting today, lack of fuel and transportation in some cases render it impossible to comply with the provisions of the amendments. In addition, many mines were closed when, in obedience to the advice of the State Department, Americans left Northern Mexico.

## VESSEL GUARDS PORT ENTRANCE.

NAVY OFFICIALS TAKE PART IN NEUTRALITY CONFERENCE.

Time for Cruiser Prinz Eitel to Leave Harbor is Almost up, but General Relief at Newport News Is that the Sea Raider Will Be Intercepted.

[BY A. P. NIGHT WIRE.]

NEWPORT NEWS (Va.), March 30.—Enforcement of American neutrality in Hampton Roads was the subject of a protracted conference at the Norfolk navy yard today after the arrival of the battleship Alabama which took a commanding position in the channel to the sea. Officials later refused to make any statement.

Participating in the conference were Rear-Admiral Beatty, commandant of the Norfolk navy yard; Rear-Admiral Helm, commandant of the reserve Atlantic fleet, who arrived on the Alabama; and Norman R. Hamilton, collector of customs at Newport News.

It was learned today the Alabama came to Hampton Roads primarily to guard against any breach of neutrality in the event of a clash between the German war of war and a fleet of allied warships off the Virginia capes. Reports that allied warships had ventured within the three-mile limit, and that merchant ships had furnished them with supplies, have been circulated here for several days.

Henry B. Holmes, agent of British shipping interests here, declared he had absolute knowledge that no merchant ship had taken fuel or supplies from the United States to the warships.

Official quarters the opinion still prevails that the German raider will intern.

## NORWAY'S CABINET ENGAGED IN SNARL.

[BY ATLANTIC CABLE AND A. P.]

LONDON, March 30, 8:55 p.m.—The Norwegian Cabinet is engaged by differences of opinion between the Minister of Defense and the Military Committee, says a dispatch from Stockholm to the Exchange Telegraph Company.

The Military Committee, the dispatch adds, insists on reducing the cost of proposed military preparations by 1,000,000 kroner (approximately \$370,000), and several ministers are said to be on the point of resigning.

## RUSSIAN FLEET CAUGHT IN FOG.

[BY ATLANTIC CABLE AND A. P.]

PETROGRAD, March 30 (via London, March 31, 2:45 a.m.)—An official communication issued tonight tells of the operations of the Russian fleet against the Bosporus. It says: "On Monday morning our fleet approached the outer fortifications of the Bosporus but was unable to continue the bombardment, as a fog shrouded the coasts."

"One of our smaller ships exchanged shots with a Turkish destroyer, which made off at full speed for the Bosporus after the first shots."

## WIFE TO KEEP MAIDEN NAME.

Fair Ones in Oregon Find They Can do so if They Desire To.

[BY A. P. NIGHT WIRE.]

SALEM (Or.), March 30.—Miss Miriam Sheldon of The Dalles need not take her husband's name after she is married, according to the opinion of the Attorney-General announced today in response to a question as to whether there is any law against a woman retaining her maiden name.

## On the Qui Vive.

(Continued from First Page.)

while fighting, fierce but undeviating, rages in the Carpathians.

The British Cabinet met today and there is every reason to believe that it considered the liquor question and the stamping out of the evil which is now one of the greatest problems of the nation. There is still much talk of prohibition, but it is not generally believed that this course will be adopted, although it is conceded that some step of a drastic and universal character will soon be taken.

The return of ex-Premier Venizelos to Athens after a short rest, the tumultuous reception accorded him, and his reiterated declaration that Greece must join in the conflict on the side of the entente powers have combined to start up predictions as to when the group of neutral states, which have been wavering so long, will take up arms. But the materials upon which these predictions are based are of the scantiest. The inquest at Milford Haven in the matter of the sinking of the steamer Falaba has established an official death list of 111 witnesses and one testified to what had previously been charged, that the submarine fired before sufficient time had elapsed for the removal of the passengers.

Walter Baxter, chief officer of the Falaba, contributed the odd statement that the submarine crew were dressed in khaki. He also avowed that the submarine when first sighted fired English shells, which was replaced by the German design prior to the attack.

## ALPINE CHASSEURS REPULSE GERMANS.

[BY ATLANTIC CABLE AND A. P.]

PARIS, March 30.—The Temps prints the following dispatch from Geneva:

"Fifty thousand German troops occupy the Valley of Kayserberg, the Munster and Gebweiler, according to private information from Alsace to the Democratic Times. The Germans have been guarding this part of the line, had difficulty in resisting the large forces arrayed against them."

It was February 15 when the Germans began their great offensive in Alsace. The Alpine chasseurs yielded ground only inch by inch, fighting like lions and inflicting heavy losses on the Germans. When French reinforcements arrived, they succeeded in repulsing the Germans, whose casualties in these engagements are said to have been 8000 killed. The hospitals were filled with wounded. The check to their offensive seems to have somewhat discouraged the German soldiers."

When captive or troubled by stipulation take Chamberlain's Tablets. They are easy to take and are available in effect.—(Advertisement.)

## ROCKEFELLER AIDS MINERS.

Foundation to Send Big Sum to Colorado Workers.

Hundred Thousand Dollars in Total Amount Offered.

Mackenzie King is Already in the Coal District.

[BY A. P. NIGHT WIRE.]

NEW YORK, March 30.—Rockefeller, Jr., in a telegram to the Colorado State Commission on Labor, announced that the Rockefeller Foundation would contribute \$100,000 to relieve the miners among the workers in Colorado, particularly in the mining districts.

On March 25 the commission telegram to Mr. Rockefeller stated that there was considerable suffering in Colorado and that although contributions had been received from various sources, the needs were still great.

In his telegram of today Mr. Rockefeller informed the commission that the Rockefeller Foundation would contribute \$100,000 to relieve the miners among the workers in Colorado, particularly in the mining districts.

Mr. Rockefeller's telegram was addressed to "The State Commission on Labor of the State of Colorado," and was signed by "John D. Rockefeller, Jr., Chairman, Rockefeller Foundation."

Mr. Rockefeller's telegram was addressed to "The State Commission on Labor of the State of Colorado," and was signed by "John D. Rockefeller, Jr., Chairman, Rockefeller Foundation."

## MANY SAILORS FROM INTERIOR.

Enlisted Men for the Navy Come from the Towns.

Seaports Furnish but a Very Small Proportion.

New York Largest Number Pennsylvania Second.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 30.—The enlisted men of the navy come from the interior of the country, as is shown in a statement issued tonight by Secretary Daniels. The figures were compiled as a result of a recent question by President Wilson as to whether most of the sailors were from coastal states.

"An analysis shows," said Mr. Daniels, "that interior states, such as Indiana, Iowa, Ohio and Pennsylvania, furnish nearly half of the enlisted men of the navy. It may be noted, too, that a further analysis shows that a majority of these young men are from the cities or towns, but from the smaller communities of the interior."

The various states which furnished the largest number of enlisted men in 1914 and 1915 were as follows: Pennsylvania, 21,972; New York, 19,712; Ohio, 18,712; Indiana, 18,712; Michigan, 18,712; Illinois, 18,712; Wisconsin, 18

## HAWSER SNAPS ON SUBMARINE

New Salving Apparatus will  
be Sent from America.

Pontoons will be Employed in  
Future Operations.

**Fork to be Prosecuted at  
Whatever the Cost.**

[BY A. F. NIGHT WIRE.]

WASHINGTON, March 30.—Efforts to raise the sunken submarine

ally suspended today after a search with the towed buoy net. Admiral Moore reported from Subcell today that the submarine evidently was waterlogged and heavy to be raised by the equipment employed by the searching fleet. He destroyed any faint hope that the crew had been left of finding any of the crew of 21 alive.

The vessel lies in 43 fathoms, 270 feet of water, and her position is being held while preparations for raising her are being made.

**ADMIRAL'S REPORT.**

Admiral Moore's report follows: "Last, C. E. Smith, commanding the submarine division of the Pacific torpedo flotilla, has landed the submarine on a very peculiar position. Lifting hawser parted. Submarine evidently waterlogged. Equipment too light to raise her. Making no attempt to raise her by balloon. Still have line on submarine and hold her location. Depth 43 fms."

**"MOORE"**

Secretary Daniels said tonight that department would raise the F-4 submarine. He said the submarine's recent accident in order to guard against similar disasters in the future. He emphatically denied reports of

by the naval authorities at Honolulu. "Nothing could be further from the truth," he said.

The department is convinced that anything possible is being done with the greatest care at the Honolulu communications station is not nearly as well equipped for salvage purposes as some of the naval stations on the mainland, but there is every intention that the officers and men at Honolulu are indefatigably working day and night to raise the submarine in power to raise the shipwrecked and rescue the shipmates.

Should Admiral Moore, commander of the station, and Lieut. Messenger, commander of the submarine division, fail to raise the submarine

the department's intention to get the necessary salvage equipment, including deep sea diving apparatus as well as expert deep sea divers, to accomplish the purpose. It would, of course, be impossible to get the equipment to Honolulu to save the lives of the crew, the department is determined to save the F-4 at any cost and determine the cause of her accident in order that similar accidents may be avoided in the future."

**Sympathy of Chile.**

Sen. L. A. Stuenkel, naval attaché at the Chilean embassy here, today expressed his sympathy as that of his government in this letter to Secretary Daniels:

"The impossibility of calling per-

upon you, allow me, sir, to  
through this letter to you—  
representative of the United  
a navy—the best possible of  
Chilean navy and of myself for  
very sad accident which occurred  
the submarine F-4 off Honolulu  
is.

...California will attempt to run  
...to the mass, which the  
...for the same purpose.

difficulty is expected in raising the F-4, and the naval officers called a conference with engineers and diving experts to make plans for the work. Present equipment of cable used is said to be inadequate. The weight of the two lines today is evidence that the weight cannot be borne by the cables. The broken lines are said to have been tested with eighty-four tons.

But the naval authorities have announced, it is understood, that the advice of the Washington authorities has been asked.

Researchers for the F-4 have themselves to a long, slow

## THE CITY AND ENVIRONS.

### EVENTS BRIEFLY TOLD.

#### Bartlett-Logan Corp's Dinner.

Bartlett-Logan W.R.C. will give a benefit dinner tomorrow from 11:30 a.m. to 1 p.m. in Patriotic Hall.

#### Banquet Postponed.

The Miami University Alumni banquet, scheduled for next Tuesday, has been postponed until further notice.

#### Louisa Club Meeting.

The Louisa Natural History Club will meet Friday evening at the home of Milton Frincke, No. 1920 South Figueroa street. For young naturalists.

#### Mrs. Lawrence Recovering.

Mrs. Lawrence, wife of Dr. B. M. Lawrence, who was severely injured by a fall several weeks ago, is in the County Hospital, recovering. She sustained a fracture of the hip joint.

#### April Fool Folly.

Former Oklahomans now residents here, will give an April Fool party at Federation Hall, No. 553 West Seventh street, tomorrow evening. Harry M. Seales, former Mayor of Oklahoma City, and now president of the local organization, will be in charge.

#### Holy Week Services.

Special holy week services are held nightly in the First Congregational Church. Dr. William Horace Day preached last night on "The Price of a Man's Soul." Special addresses will be delivered each evening and there will be interesting musical features.

#### Oliver Bread the Latest.

Oliver Day brought an idea to Otto Caruso, of the Caruso Pure Food Company and he turned it into loaves. It is olive bread, made of whole wheat flour and chopped, ripe olives. He had a call for 400 loaves the second day, indicating that olive bread "taught on."

#### Missionary Will Speak.

Mrs. Ada Lee, many years a missionary at Calcutta, will speak tomorrow evening at 7:30 o'clock at the Union Mission, No. 200 West Avenue 11. This mission address will be delivered each evening and there will be interesting musical features.

#### Membership Party.

The young women of the Young Women's Christian Association, who claim Kansas, Missouri, and Nebraska, as their home, will be hostesses Friday evening to other girls from the same States. A cordial invitation is extended. Miss June Achenbach, membership secretary, is in charge of the evening.

#### Membership Entertainment.

One of the most pleasant entertainments of the Y.W.C.A. season, arranged for members of the association, and their friends by Mrs. C. Q. Stanton, will be given Monday evening. Mrs. Zoe Ballard Fuller of the Egan school, will be reading, and Miss Felice Jung will give whistling selections. Each member may bring two guests.

#### Benefits for Children.

Miss Eleanor Miller, a dramatic reader, has consented to take part in the joint benefit entertainment for the California Children's Home Society and the Trinity Building fund which will be given in Trinity Auditorium next Tuesday night. Miss Miller will give a miscellaneous selection of numbers from Riley, Field and Burdett. The missionary ladies and the Epworth League are supporting the benefit.

#### Knocked Down by Auto.

Mrs. E. McGowan, 50 years old, a dressmaker, of No. 543 South Hope street, was knocked down and seriously injured when struck by the automobile at Third street and Broadway early last night. She was removed to the Receiving Hospital, having sustained a fractured hip and many bruises about the body. Mrs. McGowan was later taken to the County Hospital. The police record states that H. A. Coval was driving the car.

#### Arrest Him Again.

Sol Alexander, who, with P. M. Kelly, is under bond in the Federal court charged with conspiring to relieve Mrs. Mary T. Eeles, of Long Beach, of \$2500, was rearrested yesterday on the allegation that he had represented himself as a Federal officer to the victim. This followed the action of Judge Bledsoe in postponing the trial of Alexander and Kelly, on the conspiracy charge until next Tuesday, on the representations of Oscar Lawler, Kelly's attorney, that he could not try the case at this time.

#### Breaks their Noes.

R. G. Foster, a butcher, 30 years old, was "peevish" because Miss Dorothy Adamsan preferred that C. W. Root accompany her home from the drug store in which they both worked. When he met them in Central Park early yesterday morning Foster seized the young woman and then landed just one blow on her neck. The result was that Foster was taken to jail by Patrolman Frazier while Miss Adamsan and Mr. Root went to the Receiving Hospital. There it was found that each had a broken nose.

#### —and the Worst Is Yet to Come

For quick action drop answers to Times "liners" in Times liner boxes in downtown office buildings. The locations of the boxes are printed in the first column of The Times "liner" section.

Ladies, we guarantee to stop your hair from coming out, heal itching scalp, remove dandruff and grow new hair in thirty days or no pay. \$25.00. Call on and Spring street.

Dr. Samuel Slocum, Aurist, Laughlin Bldg. Hours 1 to 5. Phone F1897.

Fine Hair Goods, MacDonald's, 204 Mercantile Place.

## DEATH OF MINISTER.

Pastor of Progressive Brethren Church Passes Away From an Ailment of Long Standing.

Rev. Jacob R. Keller, for thirty years a minister in the Progressive Brethren church, died at his residence, No. 411 East Forty-second street, yesterday from an ailment of long standing. He was 61 years old.

Eight years ago he had come to Los Angeles from Chicago, where he had served in the ministry for fifteen years. He took his place in the pulpit of the church here and preached regularly until a few weeks ago. He was also the real estate and insurance business.

He leaves Mrs. Keller and seven children. Funeral services will be conducted Saturday afternoon at 1:30 o'clock in the Progressive Brethren church, Forty-second and San Pedro streets. Interment will be in the mausoleum at Inglewood cemetery.

## ON HARBOR CORPUS.

The Supreme Court has allowed a writ of habeas corpus in behalf of Maurice A. King, returnable to the court in bank in this city at 2 o'clock April 12. King was found guilty of contempt in Superior Judge Wood's department for violating an order of the court in reference to King's non-interference with the affairs of his wife, Fannie Briggs-Carr.

## PERSONALS

W. J. Hennessy of the H. W. Johnson-Manville Company, who is director of the department of railroads for this corporation, registered at the Van Nuys yesterday from Chicago.

Hon. John E. Baker, Congressman of the Third Congressional District of California, is registered at the Hollenbeck from Alturas. He has been visiting the San Diego exposition and is accompanied by Mrs. Baker.

Edward Elery, head of a tanning concern of Schenectady, N. Y., is at the Angelus. Richard Everett, a banker of Bridgeport, Conn., and C. C. Hamming, a mining man of Colorado Springs, are guests at the same hotel.

William Sella, Jr., proprietor of several of the camps and the hotel in Yosemite Valley, is a guest at the Alexandria. A Raymond-Whitcomb party of sixteen, conducted by A. G. Montgomery, registered at the same hotel.

Mrs. D. Emery, accompanied by her daughters, is passing a few days at the Stowell. She is owner of a large ranch near Lawrence, Kan. M. D. Taft, an official in one of the leading banks of Toledo, is staying at the same hotel.

J. E. Estabrook, well-known architect and builder of Denver, is a guest at the Lankershim. Mr. and Mrs. Frederick Leno of Seattle are guests at the same hotel. They are here from Seattle, where Mr. Leno is in the lumber business.

Elmer H. Jenkins, father of the raincoat and possessor of the greatest facility for remembering names and faces in America, according to general report, is a guest at the Alexandria, where he registered from New York. He has been on the "road" for more than thirty-five years.

Two touring parties arrived at the Roslyn from the East yesterday. The Bartlett, numbered forty persons, all of Cincinnati. The Marston party was made up of thirty-seven persons from Boston and was in charge of F. W. Briggs.

H. C. Caba, vice-president of the Rock Island lines, son of the president, is registered at the Clark from Rock Island. Among the other guests are E. D. McCartney, president of the First National Bank of Cedar Rapids, Iowa; W. H. Kilpatrick, a railroad contractor of Beatrice, Neb., accompanied by Mrs. Kilpatrick; and Otto Koch, an ice and cold storage operator of Pekin, Ill.

## HALF CENTURY'S PURPLE VISTAS.

*Father of Olive Industry's  
Here for Olive Day.*

Ellwood Cooper, Eighty-four

*Set First Grove in America  
Over Fifty Years Ago*

Today a nation will celebrate Olive Day. Yesterday, the acknowledged father of the olive-growing industry of America, Ellwood Cooper, of Santa Barbara, arrived here to assist in the celebration in the city that has come to be the center of the production and processing side of the great and growing industry and in whose environs is the largest olive grove in the world.

In 1868 Mr. Cooper, even then a successful middle age, landed at Santa Barbara from small sailing vessel on a tour of the State. He was then a West Indies olive and oil importer.

At the old Santa Barbara Mission a grove of thriving olive trees naturally attracted his attention.

"Inquisitive," Mr. Cooper at the Lankershim yesterday, "developed that the padres only used the olives or the making of an oil used in the church ceremonies, never for food. I thought it would be possible in this country to separate the three essential oils of the olive and retain that which is palatable seems never to have occurred to anyone. Neither the olive oil, nor the olive leaves, either after ripening or for pickling, so far as I could find."

But at Santa Ynez Mission, Mr. Cooper found one woman who used the olive leaves for pickling. It was the olive oil, that stood in

The Mission close there, and bore most of the crops of fruit, was five miles from any other tree of its kind. The male and the female were combined in one tree, that the olive was self-pollinating. One of the aged residents declared that the olive was introduced by the Spaniards. Contrary to the opinion of Cooper. In other words, there was one obstacle less to making a commercial venture of the olive.

Resolving to make a try of the business, Mr. Cooper secured some cuttings from the famous olives in the Mission, and planted them in the orchard. He is reputed to be the producers of the finest olive in the State, being especially high in oil content. These were on the olive trees which he planted at Santa Barbara and made a splendid growth. Later Mr. Cooper secured

## SEBASTIAN TO STAY ON JOB.

Chief of Police Won't Quit Under Fire.

Move to "Get Him" Through Civil Service.

Charter Question Stumps the City Council.

Chief of Police Sebastian, who had been asked yesterday by the Police Commission to resign, has decided to stay on his job. He has been under fire since he was elected to the position last year. His record has been a record of success. He has been in the position for over a year and has been successful in many of his undertakings. He has been successful in many of his undertakings. He has been successful in many of his undertakings.

Police Commissioner Allen, who has been in the position for over a year, has been successful in many of his undertakings. He has been successful in many of his undertakings. He has been successful in many of his undertakings.

whether they want a new charter. The charter conference submitted twenty-three names yesterday and back out a blanket petition for fifteen of them, all candidates for the board of freshers. Seven other names will be chosen to fill out a list of candidates for the board, to be voted on at the coming primary election. The twenty-three candidates appearing yesterday were William E. Bryant, Dr. W. S. Clark, Lucius K. Chase, George H. Dunlop, Dr. Paul Edwards, Dian Gardner, E. A. Geisler, S. C. Graham, T. E. Gibson, John R. Haynes, R. W. Hoffmeyer, M. E. Johnson, Dr. Milbank Johnson, A. H. Kosbig, C. E. Locke, L. W. Moultrie, A. H. Nafziger, Haines W. Reed, D. Shields, E. M. Supple, Dr. Elbert Wing and J. P. Yoder.

Political Notes. Ellis Cohn has already posted betting on the primaries, and the feelers thrown out have started the gossiping. Former Councilman Topham addressed two meetings last night, one of policemen at the University Station at No. 240 East Fifty-third street. Without referring to the lists of Councilman candidates, it was discovered that Wesley Bryant is not a candidate for re-election. He named two Boyle Heights "constituents" in the Council chamber yesterday and wound up the performance with a nonchalant snap of his fingers. E. R. Hampton, candidate for the Council, has opened headquarters in the American Bank Building, where C. R. Bainbridge is installed as campaign manager. Two more candidates for the Council appeared yesterday in Frank Hoskins, No. 734 1/2 San Pedro street, and W. J. Bunker, No. 2025 East Third street.

DEPORT THE MEN "INMATES" AS WELL. FEDERAL COURT RULING MAY RID THIS CITY OF MANY UNDESIRABLES.

Judge Bledsoe of the Federal Court has broken new ground in his decision denying the writ of habeas corpus in the case of George Paimoules, a Greek, arrested and ordered deported on the ground that he is an undesirable alien in that he was an alien inmate of a disreputable house located at No. 325 New High street. The immigration act on this subject heretofore applied to only women in such houses, and the law referred to "any alien woman," etc. In 1910 the law was amended so as to apply to "any alien who is an inmate," etc. It was argued that under the law an "inmate" of such a house could only be one who practiced the acts for which the house was conducted; that in such a sense a man could not be an "inmate." Judge Bledsoe held against the contention, and decided that a man could be an "inmate" under the law. Yesterday, an appeal in behalf of Paimoules was allowed by Judge Bledsoe, and the Greek held in \$2000 bond awaiting the action of the Circuit Court on his appeal. Paimoules is the third manager of No. 325 New High street to be ordered deported. The decision of Judge Bledsoe is likely to create considerable comment as the point has never before been decided by a Federal Court. A man can be an "inmate" of a house of prostitution there is likely to be something doing toward reducing the cadet population in Los Angeles, officials say.

ALL IN FIVE HOURS. Former Mayor of New York is Picture of Busy Man While in Los Angeles.

Seth Low, former Mayor of New York and special representative of Gov. Whitman at the dedication of the Empire State Building at the Panama-Pacific International Exposition last week, and Mrs. Low, crammed five hours full of activity yesterday, under the direction of part of the time, of a special committee of the Chamber of Commerce. Arriving here at 1 o'clock from San Diego, they were met by a special committee of the chamber, escorted to the Van Nuys for lunch, hurried afterward into automobiles, saw the residence district and the west foothill country, stopped for a few minutes at the National Soldiers' Home, spent an hour with relatives at Santa Monica, and yet succeeded in catching the Santa Fe De Luxe, at 6 o'clock for the East. Just before leaving Mr. Low received a telegram from Gov. Whitman stating that he and his staff will visit this city in July on a tour which will also include the two expositions. While Mr. and Mrs. Low were giving an exposition of smiling amiability, Adjt. Gen. Stotesbury, N.Y.N.G., and Maj. Hoppin of Mr. Low's staff, saw Pasadena in automobiles as guests of the chamber.

Do It Now. WEEK PRIZE BY JOINING "TIMES" TRADE CONTEST.

It is not too late to enter The Great Prosperity and Trade Contest, which has become so large and popular in the trade-getting activities of the city and neighborhood.

One of the newest contestants are a splendid showing in the race for prizes that are offered to those active contenders who are contributing the fact of good citizenship to Southern California. By carrying on a lively campaign among the various merchants co-operating in the Trade Contest programme.

NOMINATION COUPON. PROSPERITY AND TRADE CONTEST DEPARTMENT: Please enter the name of

Building in district No. Yours Truly,

CUT OUT AND SEND IN. This nomination Coupon, when properly filled out and sent to the Prosperity and Trade Contest Department, will count as 5000 CREDITS toward the contest. Not more than one Nomination Coupon will be counted for each contestant.

## Today is Olive Day.

(Continued from Fifth Page.)

the other Missions and from the Camulos Rancho and other places. "I thought and others thought that I had different varieties," said Mr. Cooper, "but it later proved that they were all one stock, only grown on different soil. For instance, the olive trees at San Diego produced an oblong fruit; those at Santa Ynez a perfectly round fruit. But at Santa Barbara they all reverted to one type."

Long and patient experiments were required before Mr. Cooper secured a perfectly rendered olive that would ship. As for the ripe olive of commerce, it took many years for Mr. Cooper to convince the skeptical that under proper treatment it was an article of food. Incidentally, it has only been with late years that it has been found possible to ship the ripe olive beyond the State. This was through the invention of a brining process.

For many years, practically the entire product of the Ellwood Ranch was shipped to Europe or Latin America, for the taste for the fruit made the slowest of growth in this country. But that it grew is evidenced by the fact that when Mr. Cooper retired some years ago, he was the owner of seven olive orchards and had seen the olive acreage increase in forty years from practically nothing to more than 16,000 acres.

With railroads, hotels and restaurants featuring olive in various forms in their menus, the California Olive Packers & Growers Association, the Chamber of Commerce and many other organizations giving away cartons of the ripe fruit, the Olive Day celebration promises to be nearly country-wide. From Chicago, New York, St. Louis, and other large cities has come assurance of the co-operation of commission dealers, hotels and others.

At both the Panama-California Exposition and the Panama-Pacific International Exposition there will be

special programmes in honor of the day, with men long identified with the industry as speakers.

HERE TO STUDY YOU AND ME.

English Newspaper Man Planning Series of Articles on California. Thinks This State Greatest.

Coming with the object in view of making a careful study of California and California, so that he can write authoritatively, a series of articles he has in mind, T. W. Sheffield, special writer for the London Daily Telegraph, arrived yesterday and will make the Hotel Clark his headquarters.

Mr. Sheffield has been making a careful study of American newspapers during his stay in this country, as well as observing our manners and customs. California, with its beautiful scenery and industrious citizens, appealed to his imagination. He had heard so much concerning this wonderful State that he needs must make a trip here in person before returning to England.

"From what I have seen you have the greatest State in the Union," said Mr. Sheffield last night. "I came to the United States some months ago, primarily to make a study of your newspapers."

"I find that in some respects you are far more advanced in the art of journalism than we are across the ocean. The great dailies of the States compared with those published a decade ago, show a marked tendency for less sensationalism, and a better regard for the moral view expressed. Not that I mean by that that you of the United States are less sensational than we of England. I am comparing your papers of today with those of ten years ago."

"But the great Sunday editions of your papers here are a revelation to the average British reader, who is still content with the small six-page edition. Some British newspapers are rapidly following the American example of illustrating their 'stories,' and today many leading dailies have illustrated sections."

Glad to Recommend Fruitola and Traxo

Mrs. Norforth Says She Suffered with Gall-stones for Several Years Without Relief.

In a letter to the Pinus laboratories, Mrs. Rosa Norforth, Monticello, Ill., says: "I cannot praise Fruitola and Traxo too highly as I consider it saved my life. I suffered with gall-stones for several years and could not get any relief until your preparation was recommended to me. It has been six months since I took the last bottle and I feel that I am entirely well. Have anyone doubting the merit of your preparation write me as I will be only too glad to recommend Fruitola and Traxo to anyone suffering from gall-stones."

Fruitola and Traxo are the names used to identify two preparations that are taken in combination. Fruitola acts on the intestinal organs as a powerful lubricant, softening congested masses and disintegrating the hardened particles that cause so much suffering, and expelling the accumulation with almost instant relief. Traxo is a splendid tonic, acting on the liver and stomach with most beneficial results and is recommended in connection with Fruitola to build up and restore the system that has become run down.

SPECIAL NOTICE TO CHARGE PATRONS—Goods purchased today will be charged on bill rendered May 1.

VILLE DE PARIS French Lingerie

Suits & Frocks for Easter

Smart Styles and Materials At the Popular Price. \$25.00

It is a great satisfaction, on Easter morning, to a fashion-loving woman, to be conscious of the fact that her suit or dress is absolutely correct in style, color and material. This is assured if you select from the "Ville's" choice collection of Easter apparel for women and misses.

Silk Dresses for Easter

The new Easter models possess that air of smartness so characteristic of "Ville's" Ready-to-Wear Apparel. A splendid assortment awaits your selection. Shown in silk crepe de chine, Gros de Londres, Messaline and Pussy Willow Taffeta. Particular mention is made of a smart model in Pussy Willow Taffeta. Designed with flaring skirt, having the simulated bouffant; waist portion in jaunty bolero effect over deep girdle of self material. Shown in rose, Belgian blue, Copenhagen blue, Palm Beach, sand; also black. Other silk dresses have chiffon cleverly combined with silk. The form the waist. A charming collection of fashion-favored models at \$25.00.

Smart Suits for Easter

The variety of Easter Suits is now at its best. Late arrivals add more clever styles to our already splendid assortment. "Ville's" suits embody the latest ideas from the best designers. At the popular price of \$25.00 we show suits in shepherd checks, mannish mixtures, gabardine, Faille Francaise silk, tweed and homespun. In Norfolk models as well as the jaunty short coats; skirts in the prevailing full models.

Going to the Fair

A Special Times Excursion Party is being arranged for a two days' sight-seeing trip to San Diego and its beautiful Exposition, leaving Los Angeles from the Santa Fe Station next Saturday morning at 8 o'clock.

Former excursionists say that the Times excursion ticket is worth at least \$15.00. As one enthusiastic member exclaimed, "You have given me more for my money than I ever had in my life." Purchase it at The Times Excursion Department for \$10.00.

At the Fountain By La Laguna de las Flores One of the innumerable pretty scenes at the Fair

Every detail for the comfort, interest and pleasure of the members of the party has been provided—transportation via the Santa Fe Railroad; car tickets in San Diego; admission to Fair Grounds (two days); first-class meals at Levy's Cafe on the grounds; admission to the Big Indian Village—The Painted Desert, and to the Panama Canal Exhibit, a large model of the topography of Panama and the Canal; hotel accommodations and breakfast at the big new San Diego Hotel, and a fine boating excursion on San Diego Bay.

Make Your Reservations Today. First Come First Served. Remember the Party Will be Limited in Number

## MOVEMENTS IN SOCIETY.

VICE-PRESIDENT THOMAS R. MARSHALL and Mrs. Marshall are to enjoy one continuation of society during their stay.

Arriving soon after 7 o'clock this morning, they will be taken at once to the Alexandria, where breakfast will be served. The parties are to be given—one including the notable visitors, with Gen. and Mrs. Robert Wankowski, Mr. and Mrs. George Brock; and the other, which is to be given by Dr. and Mrs. A. J. Scott, will consist of Mrs. N. Shannon, Secretary and Mrs. Roosevelt and Mr. and Mrs. Owen Winston of Boston.

Immediately following the breakfast, Mrs. Marshall, accompanied by Mrs. Wankowski, Mrs. Brock, Mrs. Scott, Mrs. Roosevelt and Mrs. Winston, will enter the city, with the Vice-President and Gen. Wankowski, Arthur Letts, Solie Aronson and Mrs. Brock in a second machine.

At 11 o'clock the entire party are due at Universal City, where special films are to be run off. Later they will motor to the Los Angeles Country Club for luncheon. The Soldiers' Home and beaches are to be visited during the afternoon. The public reception, which is to be given in the banquet-room of the Alexandria tomorrow night by the Chamber of Commerce, will offer an opportunity to the residents of Los Angeles to meet the special visitors who are in our midst.

Most of tomorrow will be spent motoring, with luncheon at Midway Country Club and the "Mission Play" at San Gabriel for the afternoon.

They are leaving early Friday. Dr. Robert P. McReynolds and Mrs. McReynolds are giving a dinner at their home in Berkeley this evening, to which have been invited to meet the distinguished Vice-President and his gracious wife. Judge and Mrs. Trippe, Judge and Mrs. Biedson, Mr. and Mrs. Lee Phillips, Mr. and Mrs. Harry Robinson, Mr. and Mrs. Edward Lyman, Mr. and Mrs. W. D. Woolwine, Mrs. B. S. Coulter and William K. Crawford. A friendship of the warmest sort exists between the host's brother, Justice McReynolds, of the Supreme bench in the national capital, and the Vice-President, and it is fitting that such splendid hospitality be extended at the McReynolds home, the sole private function which the Marshalls

shall have time to accept during their all-too-brief stay. Especially effective and original flat-table decorations are to be employed, with a veritable floral bed seven feet long and four feet wide running the entire length of the board, leaving only space for serving—a meadow of old-fashioned flowers. A slightly elevated center of purple and yellow daisies will be surrounded by a spring garden, in which are growing corn flowers, forget-me-nots, candytuft, freesia and other old-time favorites.

For the occasion, the Marshalls will be furthered by the gift of a wheel into renewed popularity. Clusters of yellow tulips, cornflowers, jonquils, narcissi and tiny Cecilia Brunners will further the motif, and all will be bordered with maidenhair ferns and ranunculus.

The only illumination will come from numerous electric lights veiled in apricot tones and from candles in silver holders.

## The Fashion Show.

With such notable society folk as Mrs. Michael J. Connell, Mrs. Dean Mason, Mrs. Sydney I. Wallis, Mrs. Frank Griffith, Mrs. Edwin T. Earl, Mrs. William A. Backenridge, Mrs. Howard H. Huntington, Mrs. Lawrence B. Burck, Mrs. John Barnes Miller, Mrs. Sumner P. Hunt, Miss Clara Watson, Mrs. E. H. Hunt, Mrs. E. Avery McCarthy, and George Ennis at the heads of committees for the Fashion Show, which is to be given at the Alexandria the two evenings of April 9 and 10, the matinee for one afternoon, we truly have something very worth while to anticipate in the social world.

Couple to this the Executive Committee, sponsoring the affair, and doubt for a moment if you can that we are to have one of the most brilliant social events in the history of the city.

Of course, aid to soldiers' committee numbers such leaders as Mrs. George J. Denis, Mrs. Allan G. Balch, Mrs. Ernest A. Bryant, Mrs. William Ellsworth Dunn, John Barnes Miller, Mrs. Huntington, Mrs. Minner, Mrs. Granville MacGowan, Dr. Walter Jarvis Barker, Mrs. James Miller, Carleton Burke, Michael J. Connell, John S. Craven, James C. Drake, Frank S. Hicks, Sayre Macdonald and Henry Huntington.

Paasenda is well represented. In fact, two charming girls head one section—the Misses Phila Miller and Clara Watson, while Mrs. Howard Huntington and Mrs. Lawrence Burck are busy with all manner of prepara-

Mrs. Thomas R. Marshall.

Our distinguished visitor to Los Angeles today. In the passing of the late Mrs. Woodrow Wilson, it has fallen upon the wife of the Vice-President to largely assume the duties as first lady of the United States. And she has proven more than equal to the leadership.

tion in regard to their sections. But this must remain a dead secret for the present. It is for the matinee only, so mayhap you can surmise. The big Franco-Italian room at the Alexandria, where the hostesses numbered Mrs. Charles Fillmore Goddard, Mrs. L. E. Cochran, Mrs. Ernest F. Miller and Miss Holly Drake. Over fifty ladies were guests at yesterday's pleasant function.

The jury of selection is to be announced in a few weeks. The La Fayette Kit has more than one aim. Of course, aid to soldiers who fall in the trenches is the prime reason, but the whole movement stimulates the local merchantmen wonderfully, in that their own gowns and hats are shown exclusively. The materials for the kits are purchased in this country, too, which means money left in America and American goods sent abroad.

What would we do without the aid extended by the noble women of the world? They never fail us. Their sympathies and their purses are ever ready to relieve the distress. If they can help by combining hats and gowns, so much the better. They are all dear to our hearts.

It is all the more noble to cooperate when times are a little hard. Anyone can help during prosperity.

"After all," a song to sing and a crust to share with a friend or two; A smile to give and a grief to bear with a friend or two; A road to walk and a goal to win. An ingenuit to find comfort in. The gladdest hours that we know begin with a friend or two."

For Mrs. Timmons. A daughter of former Vice-President Charles Fairbanks, who has been wintering in Southern California, and who will return shortly to her eastern home, furnished the for a handsomely-appointed dinner which was given on Monday evening by Mr. and Mrs. Orta E. Monnet. Chateaux roses formed a central motif on the board, graceful bows of pale pink tulle cropping from the blossoms to the corners, where hand-drawn cards marked places for Mrs. Timmons, Mr. and Mrs. Frederick Fairbanks, Mr. and Mrs. Chandler, Mr. and Mrs. James H. Page, Mr. and Mrs. M. J. Connell, Harold Janeway and the hosts.

Motor to San Diego. F. Sydney Hoban and Powell Chambers, attractive bachelors, who have been wintering in Southern California, have just returned from Riverside and San Diego, where they motored down to attend the exposition. On Tuesday Mr. Chambers returned to his home in St. Louis.

Exposition Dinner Host. Old Faithful Inn, in the San Francisco exposition grounds, is making social history these days. All the distinguished personages are being entertained there. A recent host was Carol W. Gates of Los Angeles, who gave a dinner with covers for Dr. Charles and Mrs. Mayo, Miss Alice Baxter and R. D. McKillop. It will be remembered that the distinguished surgeon of Rochester and his wife were lavishly entertained by the Carrolls during their stay around Los Angeles, being taken in fact by them on an extensive motoring trip to San Diego, Riverside, and later up to the Panama-Pacific Exposition.

For Visitors. Mrs. Agnes R. Stotts and Miss Stotts of South River, Hoover street, opposite Westlake Park, are to entertain a luncheon tomorrow at their home. The affair will compliment several friends from the East at a large luncheon, to be followed by cards, on Saturday noon.

For Saturday. Mrs. G. H. Hildreth Jones of the Seminole is to compliment several friends from the East at a large luncheon, to be followed by cards, on Saturday noon.

For Denver Visitor. Mrs. Milford Melvin Maybury of No. 2545 San Marino gave a perfectly appointed Easter tea between the hours of 3 and 6 yesterday afternoon, in compliment to her house guest, Mrs. Edwin Hewitt, of Denver, who with her handsome son has been in the city since Friday. The Hewitts have been in San Diego, and in touring California stopped for a fortnight's visit in the Maybury home before continuing their trip north to the San Francisco exposition. The drawing-

## FOR WOMEN AND MEN. Facts, Features and Fancies.

BY OLIVE GRAY.

STORES, like people, have personalities.

By the sensitive, an atmosphere is left immediately upon passing the portals. "It like the feeling of this shop!" said a friend recently, upon accompanying me into a certain Broadway house.

"How greatly so and so have improved!" exclaimed another, when visiting a place which was not always known as smart and up-to-date.

New life, new motive may be so obviously infused into a shop that they who runs may read.

Again certain houses are noted for certain articles or lines in which they excel. I am often asked: "What shop carries the best lace?" Or, "Where would you advise me to go for reliable silk?" With these questions of my readers ever in mind, I constantly watch and compare, and sometimes it is almost startling to note the rapidity with which a shop may spring into perfection, or into pre-eminence.

I thought of this the other day when my attention was called to the line of lace foundings in a house which I had not heretofore thought of in connection with this specialty. So invent—these lace foundings in a summer wardrobe that I was much pleased to find there really good lace in flouncing, both wide and narrow, and at prices which are a genuine saving.

I appreciated this, particularly, as I had recently gone the length of Broadway in the search for just such laces and without success. All the new patterns and the revivals of old patterns were there, and at amazingly small cost per yard. There were the Spanish and the French nets and even the orientals, heavily embroidered with silk in lovely floral patterns.

Such laces are good as long as there is a bit left—which means for years and years, and then—when revivals of the mode bring them "in" again, they experience new life. It pays to buy lace, and at the prices found in that shop, it pays doubly for now and by and by.

I found in that shop several other lines quite as satisfactory and at equal savings.

Washable Gloves? You hear you exclaim as I did: "Washable! Yes, washable, but what then?"

Many a dollar have I squandered, as you have, upon gloves called "washable."

I smiled a quizzical smile when the man called my attention to them; and I'll confess that I listened but I'll not to the dissertation of the chief glove-lady when she began her tale.

But I'll tell you my own story in a few words. Spring was suggestively carried out with birds and greenery employed in the decorative motif.

Among the affairs enjoyed on the social calendar recently was a luncheon which Mrs. Charles Fillmore Goddard gave on Saturday, with Mrs. Edwin Hewitt of Denver honored. Six excellent Kenmore tables were set through the room, for the luncheon, serving later for five hundred, which was played during the afternoon. The note of spring and Easter was given in the employment of jonquils, violets and Easter lilies, with Easter eggs for favors and potted lilies for high scores. Bunnies and chicks accentuated the decorative motif.

Informal Sunday Function. Mr. and Mrs. B. D. Lyons entertained dinner guests very informally on Sunday evening at their home, No. 1119 Magnolia avenue. A delightful feature was the reading of an unpublished poem by Maj. S. H. M. Myers entitled "The Bells of Capistrano," from manuscript.

For Pittsburgh Miss. A pretty courtesy was extended to Miss Hazel Hickson of Pittsburgh, who on Tuesday afternoon Mrs. Willbanks, who has been wintering in Southern California, and who will return shortly to her eastern home, furnished the for a handsomely-appointed dinner which was given on Monday evening by Mr. and Mrs. Orta E. Monnet. Chateaux roses formed a central motif on the board, graceful bows of pale pink tulle cropping from the blossoms to the corners, where hand-drawn cards marked places for Mrs. Timmons, Mr. and Mrs. Frederick Fairbanks, Mr. and Mrs. Chandler, Mr. and Mrs. James H. Page, Mr. and Mrs. M. J. Connell, Harold Janeway and the hosts.

Visitors at Beverly. Prominent among the eastern visitors to Los Angeles during the past week, who are making their homes at Beverly Hills are: George A. Tripp of Chicago, who is a brother of Charles H. Frost, Dr. and Mrs. F. H. Jencks, Woonsocket, R. I.; H. D. Lee of New Orleans; Charles E. Harward, Senator and Mrs. Ernest L. Tustin of Philadelphia, Mr. and Mrs. W. N. Grunewald of the Grunewald Hotel, New Orleans; Mr. and Mrs. C. E. Plimpton, Seattle, and P. P. Rueger of Milwaukee, who is visiting Mr. and Mrs. Thomas Sherman of Grand Rapids, Mich.

Forty of Younger Set Dance. A charming hostess of this week will be Miss Verna Noble of New York City, who is visiting friends in Los Angeles and vicinity. Saturday evening she will entertain at the Merritt-Jones with a large dinner dance, for which forty invitations have been issued. The tables will be centered with wild California poppies.

Engagement Announced. Mrs. Doris Goldschmidt of No. 1249 Eldon avenue announces the engagement of her daughter, Freda, to Victor E. Hecht, son of Dr. and Mrs. R. E. Hecht, Goldschmidt will be at home to her friends next Monday.

Guest from London. Mrs. Constance Balfour of London and New York is the guest of her brother-in-law and sister, Mr. and Mrs. R. E. Hecht, Goldschmidt will be at home to her friends next Monday.

FALDMAN NOT GUILTY. A jury in the court of Police Judge Richardson yesterday brought in a verdict of not guilty of any crime wherein David Faldman was charged with assault upon Max Margolis. Hearing of the case required practically all day, and the testimony in regard to the assault was so conflicting that the jury gave the defendant the benefit of the doubt. The trial produced many amusing features.

trimming save a broad, ribbon run hem would be needed for the latter.

The New Pett-Drawers.

Have you seen them—the new pett-drawers? I am saying this to women. They are like two quite full petticoats—full before even donned—and in addition, they are ruffled from just below the hip to the edge, which corresponds to that of the outer skirt. Of course, they are lace trimmed and their hang must be just right or you will be more hanged than they.

These new pett-drawers are for the purpose of distending the outers and that they will fulfill the purpose there is no shadow of doubt. Free for so long from the impediment of underskirts, this insidious attempt will, doubtless, hoodwink us into the belief that "after all" that is the way Dame Fashion has of gaining our reluctant allegiance.

Pocket Chart. With the new prevalence of pocket-pockets, everywhere, I would respectfully suggest that some man—since it is said that women invent—that some man invent a pocket chart. "Left-hand upper pocket" (space in which name of article is inserted); "right-hand lower pocket" (space in which name of article is inserted); "left-hand lower pocket" (space in which name of article is inserted); "right-hand lower pocket" (space in which name of article is inserted).

With the new prevalence of pocket-pockets, everywhere, I would respectfully suggest that some man—since it is said that women invent—that some man invent a pocket chart. "Left-hand upper pocket" (space in which name of article is inserted); "right-hand lower pocket" (space in which name of article is inserted); "left-hand lower pocket" (space in which name of article is inserted); "right-hand lower pocket" (space in which name of article is inserted).

GIRL A HORSE THIEF? Lucille Murphy, 19 years old, was held to answer yesterday by Justice Summerfield on a charge of grand larceny. She is alleged to have stolen a horse from the Golden Gate stables a few days ago, and to have ridden it to San Diego, where she was arrested.

With the new prevalence of pocket-pockets, everywhere, I would respectfully suggest that some man—since it is said that women invent—that some man invent a pocket chart. "Left-hand upper pocket" (space in which name of article is inserted); "right-hand lower pocket" (space in which name of article is inserted); "left-hand lower pocket" (space in which name of article is inserted); "right-hand lower pocket" (space in which name of article is inserted).

## THE FOOLS OF FASHION.

Evening gowns generally sleeves, or very tiny ones. Jackets to correspond to the full skirts should be worn. The turned-down coat is in favor as the season advances. Even though skirts have been flat across the stomach, the full skirt is still the fashion. There is a return of the hand embroidery as seen in the water over black silk. Navy blue coats and skirts are being made up.

Many of the new ones are like those on a soldier's coat. Choose simple and understated materials for the new dress. Gathered effects are the simple afternoon dress of cotton.

Fashion has stolen the king's hat and is going to spring. Colors are all bright and new, but silk and muslin are favored.

Another flat-brimmed hat has a very high crown, the Quaker hat. Large women keep to the black, in navy or black utility suits.

ARGUMENT IS COMING. A big black negro whose police have been unable to pick a quarrel with for some time, yesterday and ended the matter by breaking a beer bottle over the head. The negro then jumped to the second-story window, where he was seen to fall. He was brought to the hospital, where he was found to be in a bad way.

DENTAL LAW. Charged with violating the law Dr. L. M. Rudy, of the South Broadway, was arrested last night. A friend called on him with \$100 bail and he was released.

With the new prevalence of pocket-pockets, everywhere, I would respectfully suggest that some man—since it is said that women invent—that some man invent a pocket chart. "Left-hand upper pocket" (space in which name of article is inserted); "right-hand lower pocket" (space in which name of article is inserted); "left-hand lower pocket" (space in which name of article is inserted); "right-hand lower pocket" (space in which name of article is inserted).

## THE FOILS OF FASHION.

Evening gowns generally have no sleeves, or very tiny ones. Jackets to correspond closely with the full skirts should be short. The turned-down coat collar is in favor as the season advances. Even though skirts flare, they must be flat across the stomach. Fulle and tulle are used for the ceremonious silk afternoon suit. The sloping shoulders and bellows of Victorian days are here again. Afternoon gowns of lace and satin are worn over black satin slips. There is a return of the popularity of hand embroidery as trimming. Navy blue coats and white aprons are being made up for summer. Many of the new coat patterns are like those on a soldier's service coat. Choose simple and inexpensive cotton materials for the summer dress. Gathered effects are much more in simple afternoon dresses of silk or cotton. Fashion has stolen Tommy Atkins' hat and is going to wear it this spring. Collars are all heights and materials, but silk and muslin seem most favored. Another flat-brimmed sailor style has a very high crown, like a man's Quaker hat. Large women keep to lacy, worsted, in navy or black, for their utility suits.

## ARGUMENT IS COMBATIVE.

A big black negro whose name the police have been unable to ascertain, picked a quarrel with Joe Aquila, known at No. 563 Banning street yesterday and ended the argument by breaking a beer bottle on Aquila's head. The negro then jumped from the second-story window, landing on a canvas awning, and bounced to the sidewalk. He landed on his feet and kept right on going while his victim was brought to the Receiving Hospital. After Aquila's head was bandaged he was locked in the City Jail to make up.

## DENTAL LAW.

Charged with violating the dental law Dr. L. M. Ruddy, of No. 713 1/2 South Broadway, was arrested last night. A friend came to his rescue with \$100 bail and he was released.

## CHANCE, OVERALL, WALSH WATCH GAME TOGETHER.

Famous Three Made Baseball History in the Majors. Chance and Overall Made Cubs Famous—Sullivan Beat Chance's Machine—Brink is at Game and Maier Absent—Mascot Leaves Too Soon.

Three heroes—Chance, Overall and Walsh—were lined up in the center of the opening game between Los Angeles and Portland. These men made history all over the major leagues. They made Chicago a name to conjure with in championship lore. On the diamond they were opponents—Chance and Overall against Walsh—and on the diamond the history of rivalry. Yesterday, they rubbed elbows and shared reminiscences. They were towering figures in many of the opening games. In yesterday's game, they occupied the passive role of spectators. Time certainly humps its merry way along. But players may come and go, and records be made, but the names of these three men will not perish until the lexicon of the diamond becomes a lost and forgotten language. Chance and Overall are out of baseball. Walsh is still in the game. His tenure as a player depends on whether a success or a failure will be decisive. Within the next few months he will be taking his position in the box, or not. He will be a player or a manager. Big Ed realized this and is fighting the greatest battle of his career.

Chance and Overall. The three men who yesterday played the role of spectators, played a prominent role in many of the major and world championships. Chance piloted the Cubs into four League titles, and two World titles. He was the National League pennant winner in 1905, and he was the first to win the World Championship that year. He helped pitch Chicago into the pennant in 1906, and he was the first to win the World Championship that year. He helped pitch Chicago into the pennant in 1907, and he was the first to win the World Championship that year. He helped pitch Chicago into the pennant in 1908, and he was the first to win the World Championship that year.

## INDIANAPOLIS SPEEDWAY WILL STAND BY A. A. A.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

INDIANAPOLIS, March 30.—The directors of the Indianapolis motor speedway will stand pat with the American Automobile Association in spite of the pressure that has been brought to bear to abolish the triple contest board. This was the bit of information given out by the speedway management here today. Fred Wellman of the publicity division of the Indianapolis motor speedway, said today: "There is nothing doing so far as breaking away from the American Automobile Association is concerned. We intend to stick to it to the hilt. This is the unanimous opinion of the speedway directors, and it is not up to us to mix in with the squabble of other race course directors, or private clubs. President Fisher is at his winter home in Florida, and he has always shared in the opinion that the triple A has done much toward the success of the racing game. We will be the last to think of making the break."

No Jumping.

## BIG RACING DRIVERS TO STAY UNDER A.A.A. RULE.

Speed Kings in Los Angeles Think New International Motor Contest Association is Bloomer—Money is in Speedways and They Will Stick with Them—Indianapolis Classics Hold Them Fast.

BY AD G. WADDELL.

THE International Motor Contest Association, organized in Chicago last Monday for the purpose of governing dirt-track racing throughout North America, is a bloomer, according to the great racing drivers now in Los Angeles.

"It will never break the rule of the three A's," said Bob Burman. "They can't get the drivers to go out unless the Indianapolis Speedway breaks, and this is unlikely. Last year I took in seven fairs. I had to ship by express in order to do it, and I had to pass up four fairs because I could not make the jump. The races come too close together."

Barney Cooper said that it was probably a good thing from the standpoint of the fair managers and some dirt-track impresarios.

COOPER STANDS PAT. "I am not going out," said the driver. "The new organization will not interfere with high-class racing, and these will be held through the country under the sanction of the A.A.A.; but the speedway is the real thing. The drivers will not pass up the big money offered by the speedway managers for chances at a few fairs, or even at the outside. When you come down to facts, what drivers will go with the new organization against the A.A.A.?"

"I am not going out," said the driver. "The new organization will not interfere with high-class racing, and these will be held through the country under the sanction of the A.A.A.; but the speedway is the real thing. The drivers will not pass up the big money offered by the speedway managers for chances at a few fairs, or even at the outside. When you come down to facts, what drivers will go with the new organization against the A.A.A.?"

Two Evils. "When the A.A.A. contest board was organized it was the greatest organization in the world," said the Chevrolet driver. "Just now it is not too anxious to get in the sanction money and it went to the bad. It is no longer protected the driver and he is left to his own devices. The promoter; but the new organization will not help matters any. Two evils will never right a wrong."

Barney Oldfield is not in the dirt, but before leaving for El Paso last week he said that he would not put on a move against the A.A.A. with the Indianapolis Speedway race coming off, followed by a number of other great speedway races with real money hung up.

NO STATEMENT. It was impossible to get a statement from Oldfield last night, but it is believed that he is strong for the A.A.A., as he has demanded that the three-cornered race Sunday, he sanctioned before he would even show on the track for practice.

George Rantel of the Mercer camp is a strong supporter of the A.A.A. as a governing body, although he admitted that the contest board has allowed things that have been detrimental to the best interests of automobile racing in America.

VENICE ENTRY FEE. Many of the drivers now have money standing out from events held more than a year ago. The speed pilots claim that the A.A.A. should help them collect their prize money. At Venice it is claimed that the management verbally promised to return each driver's entry fee if he entered in good faith. The drivers are still looking for the return of their 1914.

It is claimed that while most of the drivers paid their 1914 entry fee, Ralph De Palma was offered appearance money by wire and that when he came south he was turned down. It is also claimed that Rosta was offered appearance money at Venice, but refused to drive unless De Palma

## RODEO PLANS NOW COMPLETE.

FAMOUS BRONCOS ON WAY HERE FOR EXHIBITION IN 1915.

Preparations for holding the 1915 Rodeo, one of the big numbers of the 1915 General Committee programs of entertainment for Los Angeles, are rapidly nearing completion.

A force of workmen will begin today the improvement of the Stadium, East Thirty-sixth street and Hooper avenue, where the Rodeo events will be held. The great amphitheater there will be made into a perfect circle, with a seating capacity of 25,000 persons.

Already some of the most famous bucking horses in the world have arrived in Los Angeles for the May events, for which cash prizes totaling thousands of dollars have been hung up by the 1915 General Committee.

Among the outlaw quins now in this city awaiting their call into the arena are Cyclone, who has put twenty men here to combat; Speedball, with a hospital list of eighty-three riders; and Gavilan, nicknamed the "unridden horse" because not more than two or three men ever have succeeded in staying on his back despite the fact that the most daring and the most skillful rangemen have attempted it all the way from Calgary, Can., to El Paso, Tex.

Another vicious quartette now in Los Angeles is composed of Silverback, Red Cross, Cui de Sac and Hellfire Jack. All these came here from the Northwest and are the chief outlaws in a consignment of fifty of the wildest horses which has just reached here from Idaho, Washington and Oregon, the home of the wild horse.

During the next month bucking horses in carload lots will come to Los Angeles from Arizona, Nevada, all parts of California and from the Northwest. Altogether more than 1000 horses will appear in the Rodeo events, with more than 500 riders.

STANDISH I. MITCHELL, secretary of the Auto Club of Southern California, said that he had been asked by several sources that the Indianapolis Speed-race was about ready to break away from the Three A's, but he did not intend to discuss the situation at the Auto Club was not interested.

Dave Lewis, one of the well-known drivers on the dirt tracks, said that the new International Motor Contest Association looked to him like a good thing for a few team managers, who had a corner on the dirt tracks.

VAUDEVILLE CIRCUIT. "It's like a vaudeville circuit," said Lewis. "The managers have the tracks and the actors, whoever they are. It's simple enough, they want to put on their own show, but they will not do any harm to the A.A.A. The A.A.A. has been forced to sanction track events and will be glad I believe, to be relieved of the dangerous responsibility."

Before leaving for the East, Arthur Klein, driver of the King racer, said that he hardly expected the registered drivers of the A.A.A. to go with the new organization. Even if several of the stars pulled away their places would be soon filled with new material.

Barney Oldfield is not in the dirt, but before leaving for El Paso last week he said that he would not put on a move against the A.A.A. with the Indianapolis Speedway race coming off, followed by a number of other great speedway races with real money hung up.

NO STATEMENT. It was impossible to get a statement from Oldfield last night, but it is believed that he is strong for the A.A.A., as he has demanded that the three-cornered race Sunday, he sanctioned before he would even show on the track for practice.

At Venice it is claimed that the management verbally promised to return each driver's entry fee if he entered in good faith. The drivers are still looking for the return of their 1914.

It is claimed that while most of the drivers paid their 1914 entry fee, Ralph De Palma was offered appearance money by wire and that when he came south he was turned down. It is also claimed that Rosta was offered appearance money at Venice, but refused to drive unless De Palma

YUMA (APRIL) March 30.—The Chicago American first team and the Yuma players helped firemen extinguish a fierce fire in a residence near the ball grounds today just before the game. The White Sox then beat Yuma, 21 to 6, a home run by Lorenzo of the local team in the last inning not being allowed.

Three Indians from the Fort Yuma school played the best ball of the local men. Secretary Lane of the Interior Department was an interested spectator. Score: White Sox, 21; hits, 18; errors, 1. Yuma, 6; hits, 8; errors, 2. Batteries—Johnson and Daly; Hermsell, Cassidy and Morales.

COTTON TO JOIN TROUT FISHERMEN.

Charlie Cotton went to the ball game yesterday, but the clubs will have to fight without his support today. "Cat" has a trout stream spotted, where he claims he will get the limit on opening day and several times during the first few weeks of the season.

DUBLIN GIANT LAYS DAVIS LOW.

NEW YORK, March 30.—Jim Coffey, the "Dublin giant," knocked out "One-round" Davis, the Buffalo heavyweight, with a right smash to the jaw in the third round of a ten-round match here tonight. Coffey scored knockdowns in the first and second rounds.

## SWIMMING AT POMONA.

Huns to go in for Water Sport—Inter-Class Meet to Open New Plunge.

Team to Compete with Other Colleges—Eight Men to be on Each of the Squads Before Try-outs.

[SPECIAL CORRESPONDENCE.]

CLAREMONT, March 30.—With the new swimming pool ready for use, Pomona College now intends to take up a new branch of intercollegiate competition. According to present plans, a swimming team will be organized to compete with the different high schools and colleges of Southern California, which have taken up the aquatic sport.

FIRST TEAM. Three years ago the Huns turned out a very successful team in this sport. Occidental was decisively beaten, and a good showing was made in the Southern California championship contests at Redondo.

Pomona's new swimming pool is twenty-five yards long, and is deep enough for racing. A depth of ten feet in the deep end of the plunge furnishes ample room for diving contests.

OFFICIAL OPENING. The plunge will be officially opened about April 16, when a series of interclass relay races will be held. Teams of eight men will be selected to uphold the honors of each of the rival classes. The competition for places on these teams is very keen and twenty-five or more men have signed to try out for each of them.

A.B.C. BOWLERS RUN HIGH SCORES. PEORIA (ILL.) March 30.—The fifteenth annual tournament of the American Bowling Congress closed here tonight. W. H. Pierce of Pueblo won the championship in the singles, with a score of 111. A new record in the A.B.C. the highest previous record being held by T. Haley of Detroit, who rolled 118 in 1914.

The championship in the doubles went to H. Allen and R. Allen of Detroit, who made 197. The Barry Kettlers of Chicago clinched the championship in the five-man event last Monday night, with a score of 1947. Omaha was fifth, with 2411.

M. E. Potts of Chicago captured the championship in the all-events, with 1174. The cash prizes in the five, doubles and singles total \$24,000.

MURAD, The Turkish Cigarettes, 15 cents, are BETTER in EVERY WAY than many cigarettes you pay 25 cents for.

Made of better tobaccos, costing more to manufacture. Richer in satisfaction and in class. With more "life", more sparkle, more substance.

Not a "little better", not "perhaps better"—but so MUCH better, that you will feel like having yourself locked up for cheating yourself—and then go your own ball to get out and smoke a Murad.

Smoking Everywhere. FIFTEEN CENTS.

Murad Cigarettes. The Highest Grade Turkish and Egyptian Cigarettes in the World.

# FILM FIRES

BY GRACE KINGSLIE.

**Film Idol in New Play.**  
 Martin Farnum is to be starred in a big feature film to be produced by the New York Motion Picture Corporation. The story is one that suits Mr. Farnum to perfection, being that of a young New Yorker who, tired of social life, seeks real life among real men in Alaska. It is stated that Mr. Farnum receives \$3500 per week.

## Star-Dust.

H. B. Warner and Henry Woodruff are also to be featured in pictures to be produced by the New York Motion Picture Corporation, at a like salary unto that received by Mr. Farnum.

## "Legit" Again.

Ocelle de Mille of the Lasky company is to write a drama for the stage. He is to be assisted in his work by Miss Jeanne Macpherson, who, though she is only 23 years old, has accomplished some remarkable things. When she wrote the Universal and she wrote and directed. Her last work is "The Captive," which the Lasky company has just finished producing with Blanche Sweet. Miss Macpherson is now engaged in writing the scenario for the filmization of the Edgar Allan Poe drama, "The Arab."

## Kid Stuff.

A Grimm fairy tale, "Rumpelstiltskin," is being filmed by the New York Motion Picture Corporation. The play is being directed by Raymond B. West, who, it is said, is a wizard in respect to gorgeous lighting effects. Double exposure, back-lights and other illusions are used in abundance in the fairy picture.

## Film Sob.

William S. Hart has finished his characterization in "The Captive Trail," produced by Thomas H. Ince.

## Riot Call.

Fifteen babies were used this week by Director Reginald Barker in a scene in "The Reward," being put on by the Ince company.

It was a lot of trouble to make all fifteen kids look pleasant simultaneously, but the feat was finally accomplished with the aid of Santa Barbara, who hushed the nursery riot by judicious use of a rattle and suitable nursery language.

## Four Little Emlys.

Emily Stevens is suffering from eye strain as the result of working under artificial light all night one night at the Republic Theater, in filming the photodrama "Cora."

She says that for a few days she had visions of herself with a tin cup and a dog on a string for the rest of her life.

## Heilo, George.

George Fawcett, one of the few American stars who have scored a triumph in London, is appearing in Los Angeles to appear in a picture of his two greatest successes, "The Great John Ganton" and "The Mastery of the Law," for the Biograph Inc.

## Bob Stuff.

Mary Ruby, a recent ingenue find of the Morris-Bosworth company, is entertaining her brother, whom she has not seen for seven years. He was put on a liner for the orient, service which was torpedoed by the ill-fated Dresden shortly before the latter's destruction by the British fleet off Chile.

## In Memoriam.

Will E. Ellis, a former member of the Mutual Hollywood scenario department, passed away early last Thursday at his Hollywood home, leaving a widow and one child. He was well liked in the studio, and all are deeply affected at his sudden passing.

## John in the Mitten.

John Emerson is being starred at the Mutual in "The Failure," by William Christy Cabanne.

## Opie, Too!

Opie Read's "A Yankee From the West" is being filmed at the Mutual, with Wallace Reid and Signe Auer in the leading roles.

## Good in the Camera.

Robert Edison has just finished playing the lead in the photodrama, "The Absentee," for the Mutual, and it is said by those who have seen the film that Mr. Edison has proven himself in this picture as great a screen actor as stage star.

## Sorry, Mabel.

Mabel Normand, who is in San Francisco, appearing in home-pictures for the Keystone, has been ill with a gripe, but is recovering.

## Stella May Film.

Stella May, appearing with the "High Link" Company, at the Majestic, is being negotiated with by the Keystone for appearance in films for that company.

Miss Mayhew says she met Charlie Chaplin for the first time in San Francisco, just before her company came to Los Angeles. She says Mr. Chaplin is simply a riot in the northern city.

"Crowds of newboys follow him about," she said, "and when he arrived at the theater to see the show he was paged by a suite of admirers. They took some time, too," complained Charlie. "Somebody grabbed my false mustache, the other day, and a dear old lady tweaked a lock of hair from my head!"

## Still She May Not.

Miss Mayhew may decide to go into the "legit" next year, in a new play which she has been reading.

## Domestic Note.

Harry Bernard is no longer seen in the cafes of the Rialto; no more do his bon mots and epigrams add zest to the merriment of the boulevard. The rotund Keystone comedian may be seen purchasing pink and white ribbons and booties and rattles and pargoric. And it is reported that he has traded his alarm clock for a Maxim silencer.

## Enters the Field.

The Fiction Feature Film Company has established its studio at Kingsley Drive and Montrose. The first picture which they will do will probably be Harry Leon Wilson's "The Spongers," in which Winifred Kingston will be featured.

Kathryn Speaks.  
 Miss Kathryn Williams, of the Rialto, who has recently returned from the Panama, where scenes from "The Star-de-Wall" were staged, is building

## First Aid to Prosperity—The Ban of the Board of Censors.

## ASCOT DRIVERS TO PRACTICE TODAY.

COURSE IS NEARLY IN SHAPE FOR RACE—CARS ARE OVERHAULED.

The three drivers who are to meet at Ascot Park Sunday afternoon in the three-cornered match race for the world's fifty-mile dirt track championship, will all have their cars on the track today. A squad of workmen have been at work on the course since Sunday. Earl Cooper went out yesterday, and made some fast time. He said last night that the track was faster than ever before.

Burnham has had his car practically rebuilt by Harry A. Miller and expects to have the fastest machine of the trio. Disbrow has overhauled his simplex and is also ready to show real speed. Burnham said last night that if Cooper and Disbrow stay with him, their chief trouble will be tires, as he expects to set a pace that will eat rubber fast.

The Burnham-Disbrow-Cooper match is the greatest track attraction ever staged in Southern California, and with the track in excellent condition, a set of new records are promised, not only by the drivers, but by their backers.

There is no favorite in the three-cornered race. The three speed men will go to the tape on the same footing, according to the bookmakers.

## COOPER CALLS OFF FISHING TRIP.

RACER'S SPEED NEEDS TUNING UP, SO DRIVER WILL GET NO TROUT.

Earl Cooper's fishing trip fell through. The famous Stutz driver had invested in a trout outfit de luxe and was to have left yesterday for one of the streams above Santa Barbara in company with Walter M. Brown.

Brown was called to Arizona on business and, after trying his car out

in practice, yesterday morning, the racer decided that he was not satisfied with its speed and spent the afternoon in overhauling with Dave Lewis and his mechanic, Reave Dutton.

"If I can get the car in shape, I will drive out to one of the near streams Wednesday afternoon; but if the car does not suit me I will have to pass up the trout sport, as I ship to Oklahoma City the day after my race with Burnham and Disbrow," said Cooper. "I am strong for trout fishing and the trip would do me good after my illness, but the race Sunday is more important."

## COURTS TO TEST NEW RACING BILL.

LITTLE ROCK (Ark.) March 30.—Suits to test the bill legalizing horse racing and pari-mutuel betting in the larger Arkansas cities, passed by the last Legislature, was filed here today in the Circuit Court. United States Senator James P. Clark represents the interests attacking the validity of Gov. George W. Hayes's veto. Hearing on the suit was set for April 6.

## WELCH SAYS HOW HE'LL RUN FIGHT.

NEW ORLEANS, March 30.—Jack Welch of San Francisco, who will referee the Willard-Johnson fight in Havana, April 5, arrived here tonight to sail for Cuba tomorrow.

"I shall not award the fight on a technical foul," Welch said. "Only a deliberate foul which disables one of the fighters will cause me to render a decision either way."

## KILBANE DEFEATS EDDIE WALLACE.

NEW ORLEANS, March 30.—Johnny Kilbane of Cleveland, world's featherweight champion, outpointed Eddie Wallace of Brooklyn in a ten-round bout in Brooklyn tonight.

Johnny Dundee, New York, out-fought Frankie Callahan of Brooklyn in a ten-round bout. Dundee weighed 128½ and Callahan 125½.

## FISHERMEN HURRYING OUT TO STREAMS FOR TROUT.

Mountaineers and Old-time Fishermen Declare Sport will be Best in Twenty Years — Two Roads Closed. Geyer Reports Streams Above Nordhoff are Normal. Great Day Expected Tomorrow.

## THE annual exodus to the trout streams began yesterday afternoon in anticipation of the opening of the trout season tomorrow.

The number of fishermen is greater than the corresponding number in a decade. Conditions for successful sport at this time are declared by mountaineers and old-time fishermen to be better than for twenty years. The streams have been well stocked and weather conditions throughout the spring unusually favorable.

Though roads to the majority of the fishing grounds are in good shape, two important routes are declared closed for motorists by scout cars of the Automobile Club of Southern California.

The Calabazas route to Santa Barbara, through the Huemul grade, is closed, and motorists contemplating reaching Santa Barbara within the next few weeks will do well to choose the Saugus route through the San Fernando Valley, Saugus, Castaic, Piru and Santa Paula, to Ventura, thence following the Nippon, which is in excellent condition, directly into Santa Barbara.

GEYER'S REPORT.  
 The Automobile Club also reports the road from Nordhoff to the Matilija and Wheeler's Springs as closed. Albert Geyer reported last night from Nordhoff that repair work was being done on that road and that it should be in condition for the opening day. Mr. Geyer, however, advised

all motorists to inquire at Nordhoff before starting out in a machine. He said the following streams were normal: Springdale, Matilija, Ventura, Wheeler's Cold Springs. The water was slightly filled yesterday, but should be clear tomorrow unless it rains.

South of Los Angeles the coast and inland routes to San Diego are in good condition. From Azusa, the road up the San Gabriel is in excellent shape.

FLY FISHING.  
 A number of prospecting fishermen are to try their hand at fly fishing, though the season is declared to be too early for that branch of the sport. Salmon eggs and spoons are apt to give the best results. Reports from all quarters indicate a plentiful supply of trout, and clear water is now to be found in the streams after the recent freshets.

Camp Rincon states that the west fork there is clear and not too high. R. M. Follows, at Follows's Camp on the east fork, reported the stream to be "sparkling clear, the prospect excellent, and conditions the best in years."

From Henley's Camp on the Saugus comes word that the roads and trails are in fine shape. There will be positively no camping on the Saugus this year, according to the latest regulations.

Explorations on the Palmdale road beyond Saugus to Big Rock Creek on the north side of the San Bernardino range, has shown that road to be smooth as a table, and the fishing in the streams above Big Rock promises to give good returns. This region evidently will be little visited.

Distinctly Superior is the Victor Tone. It Embodies in Its Great Fullness a Perfection in Quality, Resonance and Purity that is Unapproached and Unapproachable

When in doubt, "Buy a Victrola." A great many new machines are coming into the market owing to the fact that no more Victrola agencies can be had in most cities. These have accentuated the superiority of Victor quality. We believe in the Victor records, we believe in Victor-Victrolas, and we have, with our several stores, a thousand times more at stake than you as an individual. Let us show you the advantage of dealing with Victrola specialists. Our department is on the main floor. Easy terms and unequalled service.

#### BASEBALL NOTES

Rock Weaver watched yesterday's game from the grand stand. He is slowly recovering from his recent operation and enjoyed a good workout at the park along with Ed Walsh the forenoon.

Dutch Hoffman was yesterday additionally released by the Los Angeles club. Under the present plan it was impossible to carry him, furthermore, the club has three other pitchers in Sales, Brooks and Hoffman will endeavor to get on in the Northwestern League, where he had and made a good record last year.

Speed McDonnell was at the post yesterday for the first time since breaking his ankle. He had the same plaster cast, and wore a crutch under each arm. Speed says that he expects to be back in uniform within two weeks.

Carbach, the New Portland pitcher, looked good in pregame to have done the preliminary practice yesterday. He is a large, husky gent with good arm and promises to live up to the glowing accounts which McDonnell has given of his work.

Erv Higginbotham is out with a leg cast for Bill Stump, the new Boston second baseman. "Can't figure how he ever got him away from Cleveland," said Erw.

#### OHIO STATE BALL LEAGUE CHANGED

(By A. P. MERRY WEEK)  
AUBURN (N. Y.) March 30.—The Ohio State League has been re-named and will henceforth be known as the territory of Charleston, W. Va.; Portsmouth, Chillicothe and Marietta, O., and Frankfort and Lancaster, Ky.

The Blue Ridge League, embracing the territory of Martinsburg, W. Va.; Frederick, Md.; and Gettysburg and Chambersburg, Pa., has quit the Ohio State League.

SAYS WAR WILL  
END BY FALL.Officer Here on a Mission for  
the Allies.Declares Japan Wanted Hold  
on Port of Hamburg.Daughter of Late President  
Cleveland Due Today.

PASADENA, March 31.—The European war will end before the autumn leaves fall, was the cheery statement of Capt. L. Ingrouville, who is in California on an official mission for the allies.

The captain, who is fresh from the battlefields, having fought in the trenches in various localities in Europe, refused to tell the nature of his trip and also refused to tell just where he has been fighting.

"Before peace comes," he declared, "there will be terrible fighting and horrible loss of life and destruction of property. We realize fully that shocking fact. So much so that before I left Paris, I learned that all the wounded had been ordered removed from the capital, and that 100,000 extra beds have been ordered for the hospitals to be ready for use the first week in April. These beds are in addition to those which will be vacated."

"I have several reasons for believing the hostilities will cease by autumn; I think by that time the Germans will have been driven out of Belgium and France and beyond the Rhine. I further believe the Germans are now short of ammunition, and will not have enough to stand against the added thousands of men that Great Britain, France and Russia will put into the field within a few days. That the allies have plenty of ammunition I have no fear. My opinion is based upon my knowledge of the enormous output of war material, which has been going on in France, Britain, Canada, Japan and the United States. Italy, I feel sure, will join the allies, and overrun Austria and bombard the Adriatic ports. Constantinople will fall during the next month, and so finish Turkey."

"The victory at Przemyśl has made the Russians so enthusiastic that they will fight now as they have never done before. Hundreds of thousands of

men not in the army will be eager to join the colors."

THE GERMAN ATTITUDE.

"It is believed that despite the unquestioned patriotism of the Germans they already realize that their national prosperity has been due to their commerce with other nations, and that this commerce is so ruined that it will take years to redeem what they have already lost. If the war should continue long, the ruin will be irretrievable for generations to come. The German people, including the Prussians, have repeatedly evidenced a desire to get themselves right in the eyes of the United States and other neutral countries. No matter how exalted their self-esteem may be, the Germans respect public opinion. They do not want their country to be a pariah among the nations."

"And the mental attitude of the people, after having received adverse criticism through their treatment of Belgium, will here its effect on the question of negotiations for peace, as the Germans desire to be considered ethically correct."

Capt. Ingrouville stated he believes the terms of peace will be absolutely just. The claims of Belgium and France will be considered paramount.

He does not expect Japanese troops will be used in Europe, although the people of Nippon are ready to assist the allies. So eager were they to help that shortly after the outbreak of the war they not only sent envoys to Europe to offer their services, but the captain, but dispatched twenty-seven shipsloads of munitions of war, and these supplies are right now stored in huge warehouses in a great French port, among those who are in the "know," he continued.

"It is whispered around," he stated, "that the Japanese government was at the beginning of the war willing to send 300,000 troops, and that they hinted the compensation which would be acceptable to the Japanese empire for their service would be the cession to them of the island of Formosa."

When questioned as to his opinion as to American intervention in Mexico, the captain said: "Since the United States always declines to look with favor upon the idea of any European nation cleaning out that cesspool in Mexico, it seems to me the people of the United States ought to send their night-men to do the work."

Capt. Ingrouville said he has been less than an hour, and dined at the Maryland Hotel with a brother of a British army officer.

TWO OF MYER OF HARRIET and Rose streets has in his yard two freak fruit trees. One is a peach and the other an apple tree.

The peach tree has been blooming constantly and profusely since early last November and shows no signs of ceasing its strange action.

Within twenty feet of the beautiful peach tree stands the apple tree which has borne two crops of apples the past month, and so finish Turkey."

The victory at Przemyśl has made the Russians so enthusiastic that they will fight now as they have never done before. Hundreds of thousands of

trees before. But after bearing a big crop last summer the peach tree began to show these strange symptoms, and by the first of November was literally covered with blossoms.

CITY BRIEFS.

Miss Esther Cleveland, daughter of the late President Cleveland, and her mother, Mrs. Henry Perrine, and several friends. The party will only be in Pasadena a few days and will be domiciled at the Hotel Maryland.

This is Miss Cleveland's first visit to California, but Mrs. Perrine, the mother of Mrs. Thomas Preston, has spent several winters in the State. They will be accompanied by Mrs. Benjamin Folsom of South Orange Grove avenue.

Senator John Wingate Weeks of Massachusetts is expected at the Hotel Raymond about April 17. He and his family are ready to assist the allies.

He has held many offices in his State and served in Congress from 1905 until 1913, when he was elected United States Senator. His home is at Newton.

William von Kampen of Los Angeles will be arraigned on a charge of disturbing the peace of Little Italy and his mother. It is alleged that he last Sunday night, he forced them upon her at the point of a knife. When she broke away from him he shot at her while she ran, it is alleged. All night he kept a vigil outside her house and annoyed her and others living in the house by his calls and whistling.

TROUBLE OVER AUTO.

HUNTINGTON BEACH, March 30.—Talbert &amp; Hoge sold an automobile to Walter Revell some time ago on monthly payments, and after asking payment for some time, demanded the car. Revell is said to have asked for time enough to drive the machine to get financial aid from his father, but returned, it is alleged, without the car, and told the holders of the contract to find it if they could.

The result was that Revell was arrested and taken to Santa Ana, but was released yesterday on habeas corpus proceedings instituted by his attorney. The car has been recovered.

SHOOT UP AUTOMOBILES.

POINTERVILLE, March 30.—Temporarily deranged, the county physician says, by alcoholic excesses, Frank Brooks, a laborer of this city, took up a position on Sunday morning north of here last evening and amused himself by firing with his shotgun at passing automobiles until he was placed under arrest by officers from Lindsay. No one was injured and only small damage was done to the tops of one or two of the passing machines. Brooks became violent when he was taken into custody and had to be manacled before he could be removed to the County Jail at Visalia. He is held on a charge of insanity.

CLAIMS A RECORD.

OXNARD, March 30.—M. R. Elliott, carrier on one of the rural routes out of Oxnard, believes he has the long distance record for light rig without repair expense. For the past three and one-half years he has covered his route of twenty-five miles on every day of the week, or 37,500 miles in the mail carrying day in the same rig without one cent's worth of repairs. This means an average distance of 150 miles a week, or 37,500 miles in the three and one-half years, and during that time Elliott has not replaced a single bolt or nut a tire. He has covered up once in every 100 miles, this being his only expense on the wagon, which is now in good condition.

KEEPS WOMAN CHAINED  
PRISONER IN HIS HOME.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

RIVERSIDE, March 30.—Freed from the chains with which she alleges she was made fast in the home of F. M. Meek, a ranchman of Beaumont, Mrs. Rosie Whitlock, a mere slip of a woman, about 21 years old, escaped today to the home of her father-in-law at Arlington, accompanied by her little child, Meek, who is familiarly known as "Jack" and who has some reputation as a "run man," languishes in the County Jail, unable to raise the \$5000 bail fixed by Justice Ellis, in whose court he was arraigned today on a charge of false imprisonment.

While only the first of the case have been made public, the District Attorney's office intimates there will be some sensational testimony at the preliminary hearing, which was fixed for Friday afternoon.

Mrs. Whitlock was released last night by Constable Lovren, who had learned through Meek's sons that all was not well at their home. Finding life unpleasant there, the boys have taken their mother back to San Jacinto, where Meek formerly lived and where a number of years ago he shot and killed a man. He was freed on the plea of self-defense.

According to her own story Mrs. Whitlock has been employed in the Meek home as a domestic for the past year, going there from Colton, where she was receiving a wage of \$25 a month, to accept Meek's offer of \$40 a month. He pleaded that his wife was dead, and that he needed a woman to look after his three children.

The vote of the Council against sustaining the Mayor's charges was unanimous.

Trial for Monthing on Street, Re-  
pents and is Forgiven—Two Gas  
Ordinance Initiatives Seeking  
Seventy-five-cent Rate Circulated.

LONG BEACH, March 30.—Today for the third time Mayor Wheaton declared positively that he will not be a candidate for commissioner, judge, attorney or auditor this year, setting today to initiate a campaign for the Mayor would run for office in the election May 11. All other offices are open to anyone who wishes to run.

"I am not a candidate for public office, have not taken out any nomination papers, and do not purpose to do so," said the Mayor.

Today witnessed a lull in the announcement of new candidates. To date only sixteen nominating petitions have been filed with the City Clerk, while forty blanks were taken out by office aspirants for verification of residence. This means that less than half the candidates in the field have filed their petitions. They have until April 11 to place their names on the ballot.

Candidates who have filed their petitions and the offices to which they aspire are as follows:

J. R. Williams and Brewster C. Kenyon, Public Safety Commissioner; J. J. Hart, Carl Hawkins and James R. Miller, police judges; C. A. Bonar, A. L. Farrelly and L. C. Ohi, public affairs commissioner; Harvey Durkee, C. O. Boynton and L. W. Shuman, auditors; F. S. Craig and W. T. Ligenby, public property commissioner; L. G. Kading, finance commissioner; and C. J. Hargis and C. A. Reed, public works commissioner.

That at least fifteen or twenty more aspirants for the various offices will file their nominating petitions before the lists close April 11 is the outlook at present.

SPOUTER PENITENT.

After expressing his penitence for his harsh criticism of established institutions and constituted authorities, offered in street speeches, and for which Mayor Wheaton had him arrested on a peace-disturbance charge, Charles Hamilton, Socialist and I.W.W. leader of this city, was given another chance by Judge Hart today to make his peace with the law.

Hamilton's first trial on the peace-disturbance charge resulted in a disagreement of the jury, and the case was reset for today, when it went to calendar.

Hamilton has apologized for his fiery and boisterous manlyings, asking forgiveness from those whom he wronged, and announced his resolve, in a published letter, to lead a clean and Christian life in proof of his conversion.

Dr. Francis E. Corey, president of the Los Angeles County Association of Health Officers, and many years city health officer of Alhambra, was one of the principal speakers at a banquet tonight of the members of the association at the Midway Cafe, on the Pika. Dr. R. L. Taylor, local health officer, was the host of the affair. Among the prominent physicians present were Dr. L. M. Powers, Los Angeles city health officer, and Dr. J. M. Weldon, health officer of San Diego.

ARREST OUTCOME  
OF AUTO SMASH.BROTHER OF A SUPERVISOR IS  
ACCUSED OF DRIVING  
RECKLESSLY.

ONTARIO, March 30.—Thomas Kincaid of Los Angeles, brother of County Supervisor Kincaid, whose automobile is alleged to have run down a buggy occupied by D. R. Magill, aged and prominent Ontario rancher, on the evening of February 23 last, was arrested yesterday on a charge of driving his car in a reckless and negligent manner.

Kincaid was arraigned before Judge Pollock, who issued the complaint when the District Attorney's office said to have failed to take any action in the matter, and he pleaded not guilty, demanding a jury trial. The trial was set for April 6 at 10 o'clock.

Mr. Magill, who is 72 years of age, resides on East Sixth street. He narrowly escaped death when run down by a motor car said to have been driven by Kincaid, and members of his family declare he will be lame to his dying day as a result of the accident, which seriously injured his hip. He was confined to his bed weeks following the accident, and is able to get about now only with the use of crutches.

Mr. Magill was driving north on the east side of Sixth avenue at the time of the accident. According to his own statement and from all apparent indications, he was driving the right wheel of the driveway, when the automobile, headed south, missed his horse, but struck the left front wheel of the rig with such force as to throw it completely over the curb and hurl Mr. Magill several yards to the ground. The buggy was practically demolished.

ENGINEER AGAIN  
OUSTED BY MAYOR.  
HANDS ACROSS  
BORDER.SUSPENSION AFTER THE FIRST  
CHARGES BROUGHT HAD  
BEEN DISMISSED.

LONG BEACH, March 30.—Following the refusal of the City Council to sustain charges of dishonesty brought against City Engineer Smith by Mayor Catick, the official was suspended on another similar count by the executive and the second hearing will be before the Council probably next Monday. The hearing developed a strong political atmosphere and Attorney Goodell drew from Mayor Catick that he had learned before making the charges against Mr. Smith that the official was opposed to his candidacy for reelection. It was also stated by Mr. Catick's lieutenant, Street Superintendent McElvaine, that Mr. Smith had refused to contribute to the Mayor's campaign fund.

The charges against Mr. Smith involved the alleged use of city-paid money for private engineering work and the failure of Mr. Smith to turn the compensation for such work to the city.

The vote of the Council against sustaining the Mayor's charges was unanimous.

HANDS ACROSS  
BORDER LINE.

Vice-President Sees Mexico  
from Safe Side.

Only One of His Party Who  
Shuns Tia Juana.

Is to Leave for this City this  
Morning.

(LOCAL CORRESPONDENCE.)

SAN DIEGO, March 30.—Vice-President Marshall visited Tia Juana, the little Mexican border town, today, but without the other members of the party crossed the border, the Vice-President remained on the American side. He was welcomed by Don Juan Mendez, commandant of the Tia Juana garrison.

The Mexican officer extended a warm greeting to Mr. Marshall and the two shook hands. Mr. Marshall, standing in the United States, and Mendez in Mexico. The Vice-President offered no explanation for not crossing the line.

The Vice-President and Mrs. Marshall and Mr. and Mrs. T. A. Grant, were taken for an automobile ride about the surrounding country last morning. A dozen other persons trailed behind, conveying election officials, army and navy officers and prominent citizens. As the party passed the Lincoln school house, the children saluted the Vice-President.

Mr. and Mrs. Marshall and Mr. and Mrs. Roosevelt were tendered a formal reception on board the U.S.S. Colorado. Admiral Howard this afternoon, Mr. Marshall received a similar reception.

This evening the Vice-President was tendered a reception by the citizens of which order he was very much pleased. The Vice-President will be in the city for the night and will leave for Los Angeles tomorrow morning.

Franklin D. Roosevelt, Assistant Secretary of the Navy, who has been traveling in the West with the Vice-President, did not accompany him to Tia Juana's automobile ride. Mr. Roosevelt played golf.

The Vice-President's party will leave for Los Angeles on the morning train.

# Boost Today's "Times Day"

## Friends of Candidates in Times Automobile Campaign Are Helping Their Favorites to Win.

### Big 100,000 Extra Vote Offer Ends Saturday Night—Ambitious Young Women Are Making Most of It.

#### THIS IS THE DAY FOR YOU TO MAKE A BIG SHOWING.

Friends of Candidates in Great "Times Automobile Contest" who would Show Their Loyalty have Best Chance to do so Between Sunrise and Midnight—Extra-Vote Offer is Grand Inducement.

Based on the ever-present necessity of making a count while it counts the most, and determined to make every vote count, the "Times Automobile Contest" is now in its final stages. The campaign is being conducted on a grand scale, and the friends of the candidates are helping their favorites to win. The extra vote offer is a grand inducement, and the ambitious young women are making the most of it. The campaign is being conducted on a grand scale, and the friends of the candidates are helping their favorites to win. The extra vote offer is a grand inducement, and the ambitious young women are making the most of it.

## Biggest Offer of the Entire Campaign Will End Saturday

Only four days are left in which to get hundreds of thousands of extra votes on every club of new subscriptions that are brought to the Campaign Office.

Candidates who build clubs now have the opportunity of advancing to the very top in the vote standings, by taking advantage of this club offer.

Furthermore, they have an opportunity of building a reserve of votes that will stand them in good stead when the closing hours of the campaign are at hand.

The votes secured under this offer need not be published at once. They may be held by the candidate until such time as she chooses to make them public. All vote ballots are good until the last day of the Campaign, on April 10.

Imagine the tremendous possibilities of this:

### 100,000 Extra Votes

will be given for each and every club of five new yearly subscriptions to the Daily Times. And these are in addition to the regular votes, as shown on the schedule below. All it takes to win these extra votes are five new daily subscriptions of one year each. Or, a two years subscription may be divided into two of one year, etc.

### 50,000 Extra Votes

will be given for each and every club of five new 6-month subscriptions to the Daily Times. In this case also, subscriptions of a year or longer may be divided and included in the club. Three months new subscriptions may also be used, but no subscription of less than three months can be included.

Surely nothing could be more liberal than this offer. It will require but a short time to build one of these clubs, and by turning it in before Saturday night, the many added votes will be a gratifying aid in winning one of the prizes. There is no limit to the number of clubs any candidate may secure. The only restrictions are that the subscriptions must be bona-fide new, and of three months or longer. Remittance must of course accompany all subscriptions.

## Work Now and Win Later

Make this offer the stepping stone to your success. Determine now to get as many clubs together as possible before Saturday night. Sure, it takes hustle, and perseverance, but who ever won anything worth while without exerting themselves?

Think of the splendid awards that will come at the end. Twelve automobiles—all splendid new cars, ready ready to start up, and spin away. To take advantage of this offer may mean that you will be one of the twelve happy young women, who will step proudly forward at the end of the Campaign, and claim one of the automobiles for her very own.

When the automobiles are awarded there still remain thirty-two delightful exhibition tours to be distributed. The highest candidate in each district will be sent to San Francisco as a guest of the Times, and spend a week of enjoyment viewing the wonders of the world, and pass judgment upon the best of every nation's accomplishments.

The second highest candidate in each district will be a Times guest at the San Diego fair, where equally wonderful attractions await her. These tours are entirely free of expense to the candidates. The railroad fare, the hotel bills, the admissions at the grounds—everything is taken care of by The Times.

## Remember the Date—

### This offer closes promptly at 9 p. m. April Third.

## A Few Don'ts:

Don't send in an old subscription as new. By doing so you will lose the votes applying thereon.

Don't fail to fill in the full name on every stub, together with the street number, and

Don't forget to add the name of the town where the subscriber lives.

Don't rest on your laurels, yet; the waste of time may mean the loss of a prize.

Don't hold your subscriptions back, thinking there will be a better offer to come. This is the biggest.

REGULAR VOTE SCHEDULE.  
Below are given the number of votes applying on new subscriptions. The extra votes on clubs are in addition to these.

## Public Service: City Hall, Courts.

At the City Hall.

SWORD ABOVE  
HAMLIN'S JOB.BOARD HOLDS UP DEMAND FOR  
RESIGNATION.

May know it at any time. Despite action of Council requesting that City Engineer be not dismissed at present—Committee Stumbles on Grade Crossing.

The Board of Public Works yesterday agreed that City Engineer Homer Hamlin need not resign on April 1. But the board, which agreed to hold over the head of the City Engineer a resolution by Commissioner Osborne declaring the office vacant. This may be acted upon at any time.

It was out of deference to the City Council, each member of which signed the request, that the Board of Public Works decided not to fire Mr. Hamlin tomorrow. As the communication from the Council came to the board in the form of a request and not as an order, it was respected.

The Council also agreed to hold over the City Engineer as long as the City Engineer and his staff are not dismissed. The Council also agreed to hold over the City Engineer as long as the City Engineer and his staff are not dismissed.

The Council also agreed to hold over the City Engineer as long as the City Engineer and his staff are not dismissed. The Council also agreed to hold over the City Engineer as long as the City Engineer and his staff are not dismissed.

new property if the Grand-avenue route is adopted.

To Eliminate Danger.

The City Council yesterday authorized the purchase of a triangular strip of land, which will make it possible for the construction of a passage way under the Santa Fe tracks near Ryeview grove so that persons leaving the Los Angeles Railway there will not have to cross at grade. This has been a very dangerous crossing and has hung fire for months, while many lives have been endangered. The City Engineer was requested by the Council to hasten proceedings so that the improvement may be done at once.

On Flood Control.

The Finance Committee was yesterday authorized by the Council to represent the city at the flood control meeting in the Supervisors' room at the Hall of Records this morning at 10 o'clock. The proposed bond issue will be discussed, upon call of the County Flood Control Association. The Council was notified yesterday that the proposed bond issue would be for \$15,000,000, and the deputization of the Finance Committee with it. The note of skepticism about the Council's willingness to make the city bear the largest share of this bond issue, and the most of the territory affected is in the county.

Dinner for Brewer.

A municipal progress dinner will be given at the Hotel Clark Friday evening, according to the Mayor, who yesterday arranged the matter with the Municipal League. The chief speaker at this dinner will be Henry Brewer, City Chamberlain of New York, and adviser to Mayor Mitchell. The New York work expert will arrive Friday morning. Invitations have been wired to Mayor Rolph of San Francisco, Mayor Neale of San Diego and to Mayors and other officials of near-by cities. The City Council yesterday decided to attend in a body.

Municipal Bias.

Heads of city departments were warned yesterday that all employees under civil service must refrain from any sort of political activity in the present campaign. Circulars were sent out yesterday by the Civil Service Commission. Employees who take an active part in politics, either by voting or expressing opinions privately, will, says the commission, be removed from the pay roll.

The salary ordinance of the Department of Public Utilities was adopted by the Council yesterday, after some delay. It had been held up during the controversy over C. E. Mohler, former chief railway engineer, who was ousted. The salary of F. D. Howell, his successor, is to be \$250 a month. The salaries of other employees also are fixed.

A petition for a storm drain system in Huntington drive is now being circulated to provide drainage for a portion of the northeastern section of the city.

The gravel and rock plant at the northeast end of the Avenue 20 bridge is a nuisance, so the Dayton Improvement Association informed the Council yesterday. The Public Welfare Committee will look into it.

The Finance Committee is considering a new request from the 1915 Entertainment Committee for additional funds for entertainment, owing to the fact that the queen contest did not produce as much revenue as was expected.

The letter from the commission to the Council committee suggests that if the City Attorney will reverse himself and admit that the State Railroad Commission has jurisdiction, then the city may make formal application and the State body will intervene and settle the crossing incident.

The Public Works Committee hurried the letter into the City Attorney's office, and asked him what he is going to do about it.

ANOTHER DROP.

WHEELER WOULD CUT JOB.

Councilman Wheeler dropped another peg or two in good standing with the Socialist party yesterday when he advocated serious consideration of Efficiency Director Burke's advice that autos and motorcycles be used by city employees who now traverse many miles each day by foot or on street cars.

The effect of providing faster means of transportation for these employees would be to reduce the number of employees. As one of the chief requisites of the Socialist party is to provide a maximum of jobs at a minimum of real labor, the Efficiency Director will make him a very unpopular creature around that section of the city where red neckties and red cards are flashed in common.

Mr. Burke studied the transportation problem and found that many hours are being wasted each day on important city work because the employees have to use street cars or walk. If motorcycles or autos are provided, says Mr. Burke, the number of visits to be made by employees will be increased daily and the number of employees naturally decreased.

The lack of uniformity in this sort of thing, and the "constructive plan" suggested by the Efficiency Director didn't make a bit with President Whiffen nor with Councilman Bryant. The latter attacked the plan because Mr. Burke suggested it without going into it any further.

Councilman Wheeler said that when he was a walking delegate for the Carpenters' Union he lost a great deal of time walking from one place to another, and he knew he could have kept in touch with more placidly daily if he had a motorcycle or auto.

The transportation report was referred to the Budget Committee.

COUNCIL STOPS IT.

REMOVAL OF STREET CAR LINE.

Protests of property owners along California street between Broadway and Hill, and vicinity, had the effect yesterday of holding up action on the order of the Board of Public Utilities that the hill residents be deprived of street car service.

The Council decided to go over the proposed route this morning and inspect conditions. The Board of Public Utilities decided to reroute the California-street line around by way of Temple street and Grand avenue and thence north to California street, instead of by the present route, which must be discontinued to make way for the lowering of the North Broadway tunnel.

Councilman Langdon came to the rescue of the hilltop residents by suggesting that a full inspection be made by the Council. The residents who have been hard hit by assessments for the lowering of the tunnel, and who also assert that the damage awarded by the lowering have not been sufficient, charge that the removal of the street car line from California street will seriously injure them and practically ruin a number of apartment-houses and much business property if the Grand-avenue route is adopted.

To Eliminate Danger.

The City Council yesterday authorized the purchase of a triangular strip of land, which will make it possible for the construction of a passage way under the Santa Fe tracks near Ryeview grove so that persons leaving the Los Angeles Railway there will not have to cross at grade. This has been a very dangerous crossing and has hung fire for months, while many lives have been endangered. At the Courthouse.

WEDS TO HELP  
SELF AND GIRL.

AND THE WHITE SLAVE LAW IS  
HIS ENEMY.

Doctor Who Marries Wealthy  
Woman While Intriguing with  
Another in New York in Big  
Money Plot Comes to Grief—She  
Gets Divorce.

The pride of Miss Buena Ellis suffered a bitter thrust when she learned that Dr. Harrison H. Keene, a Eureka (Or.) dentist, married her to stake himself for a wild oats' trip with Miss Myrtle Kelleet. But the woman wronged had her revenge. Dr. Keene fell into the hands of the United States authorities and was sentenced for a year in Alameda County Jail for violating the white slave traffic act.

There was ample evidence produced at the trial of Mrs. Keene's divorce suit before Judge Monroe yesterday to show that Dr. Keene was infatuated with Miss Kelleet. Eight days before he married Miss Ellis, who is the daughter of a wealthy Cleveland business man, Dr. Keene wrote Miss Kelleet from Chicago.

"I have been awfully lonesome for you, baby girl, but I'll be back to you soon. Have a lot of the Chicago girls, but believe me, dearie, when you have on either your brown dress or my favorite, the blue one, you'll certainly look better than anyone I have seen."

Less than two weeks after his marriage he wrote Miss Kelleet from New York, outlining faintly his plan of leaving his bride after he obtained money from her.

"Will send for you in the course of about one month," he wrote. "Do not know just where we will go. You may hear lots of things, but don't let them bother you. There probably will be 75 to 1000 for me."

On his arrival in Eureka with his bride, the local paper gave him a write-up. The bride is described as an attractive young woman, a member of a prominent Cleveland family. On the 17th inst., Dr. Keene was convicted. A separation had taken place between Mrs. Keene and himself July 6, 1913, a little more than a month after their marriage.

Mrs. Keene alleged that after the ceremony Dr. Keene importuned her for money, putting into execution a plan to obtain a sum. During this time he was communicating with Miss Kelleet, informing her, Mrs. Keene alleged, of his plan to make them both financially independent at the expense of his bride.

A copy of the record showing Dr. Keene's conviction was attached to the divorce papers. Judge Monroe granted Mrs. Keene a decree.

SUIT OVER AUTO.

PLAINTIFF IN SOCIETY.

Mrs. Ellen Stuart Bentley Vance, daughter of the wealthy Stuart family, the head of which built the mansions at Orange Grove avenue and Columbia streets, Pasadena, later bought by Mr. Harkness, Standard Oil magnate, is plaintiff in Judge York's court in a suit against an automobile firm.

The action grew out of the purchase by Mrs. Vance of a Mercer runabout. The remarkable feature of the story is that it cost Mrs. Vance \$1500 for keeping the auto over night.

Mrs. Vance concluded in December, 1912, that she wanted a car. She says she went to the showroom of Bentel & Mackey late one afternoon and was shown a car. The price was \$1500. She paid down \$250. The car was delivered in May, 1914, and Mrs. Vance's chauffeur drove her to Long Beach, where she was staying at the Virginia. The following morning the chauffeur examined the car and reported that it was second hand.

She testified that before she accepted the car it was agreed that some changes would be made in it. These changes were never made, it appears. Now, when the car was returned, it further appears that the auto concern retained the money paid down as well as the car. By reason of the lease contract she had signed, the concern held that Mrs. Vance had forfeited the money. She claimed that it was not a new car and did not come up to specifications. This the concern denied.

Meantime the car was sold to another party yesterday. Judge York and the attorneys went out and inspected it. The defense was given leave to file authorities to show that Mrs. Vance is not entitled to have her money back because she had signed a release agreement.

"IRISH FLEE."

THIS MAN IS EVASIVE.

The shades of Bret Harte hovered over Department Ten yesterday. It was a concatenation of concomitant circumstances which evoked from Presiding Judge Wood a famous quotation from Judge Hawley Cresswell. This judgment was given in a suit brought by Mr. Westgate against his sister, Ellen Arvine, and her husband, Dr. Arvine, who claimed that the deed was never delivered.

The facts showed that Mrs. Westgate, the mother, decided to her two children two properties, the deeds being placed in escrow with a notary public named Taylor. Later the deed to Charles Westgate was sent back to his mother at her request and destroyed.

The court held that the deed was unconditional. It was an unconditional delivery to Notary Taylor, and was a vested interest in the property of Mr. Westgate, and could not be divested.

"LAND OVER THERE."

QUENCHES HIS WANDERLUST.

"You are one of those boys who always want to go to that land over there?"

Judge Taft had before him Paul Stern, 15 years old, who had the wanderlust.

"Yes, judge," replied Paul, "where I want to go is always just over for me. I could ever reach it. I find things I want. Give me another chance, won't you? Maybe I can get past that feeling of wanting to go some place where I ain't never been."

"All right," replied the court, "I will take you on that. I will sentence you to lose (the lad's face fall) and I will suspend sentence (his face brightened). But be sure you hold back that feeling of wanting to go to that mystical land. You have run away from home too many times."

"You bet I will," replied Paul.

SOMEWHAT MIXED.

ROMANCE AND SHREWDRINESS.

There seems to be a mixture of romance and shrewdriness in John A. Hicks's composition, as the trial of Mrs. Hicks's divorce suit developed yesterday. She alleged non-support and desertion, and, enlarging on the traits of her husband, she gave the incident of moving the house.

The city was cursed through a street and it was necessary that the laces and penates of the Hicks family be moved. Mr. Hicks would not help unless he was paid for it. Mrs. Hicks said. She also testified that she came to her after suit was filed and said he would not appear against her if she gave him money. Her attorney gave a similar account of Mr. Hicks's visit to his office.

Mr. Hicks said that everything would have been all right if his wife had appreciated him. He said he offered to come back, and as an indication of his tender regard and the high value of her caresses, he told Judge Monroe he offered her \$15 for the pleasure of kissing her, and she told him she would not take his money. The decree was granted.

COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

WANTS GUARDIAN. Because he loved a girl who did not reciprocate his affection and wrote an insulting letter to the man who remonstrated with him, F. W. Gardam was found to be insane and committed to Patton. Yesterday Charles Park of No. 144 Grand avenue, where he resides, petitioned the court for the appointment of a guardian, setting up that Mr. Gardam owed two diamond rings, three trunks, with their contents, and had money on deposit at a Los Angeles savings bank.

HARBOR CASE CONTINUED.

After a brief examination of Harbor Commission Woodman, Judge Wozis yesterday afternoon continued the injunction suit against the Harbor Commission until 9 o'clock this morning. Former Senator W. H. Savage, who brings the suit, wants the board ordered from filling the contract to S. B. Hinder for filling a forty-acre area back of Fish Harbor with dredgings from three areas within the inner harbor.

SHE IS HELD. Mrs. Luella Lamb, clubwoman and church-worker of Venice, pleaded not guilty to a charge of bigamy before Judge Craig yesterday. Her trial was set for May 25. Her attorneys asked the judge to re-

lease her from the County her own recognizance, but she is held in \$2500 bail.

FOR KNIGHTS ROSE CROSS.

Monday Thursday Evening on Scottish Rite Masonry. He Held Tomorrow Night. All Scottish Rite Masons, taken the Eighteenth Degree, received notice to attend the Thursday feast at the Scottish Cathedral, No. 929 South Street, tomorrow evening at 8 o'clock. The observance of the feast is obligatory. Every resident of the city is invited to participate. The observance of the feast is obligatory. Every resident of the city is invited to participate.
